Ways to Help Your Child

Ways to Help Your Child

Practice self-help skills:

- Flushing the toilet (Boys need to be familiar with the urinal) and personal hygiene (wiping themselves)
- Washing hands with soap
- Buttoning, zipping, and snapping pants
- If you choose to put your child in a belt, he/she should be able to unbuckle and buckle the belt independently.
- Tying shoes (**We love velcro**)
- Put on and zip/button coat
- Opening and closing lunch bags/containers

Ways to Help Your Child

- Read to your child EVERY day! 😊
- Encourage your child to use conventional speech patterns. ("May I go to the bathroom?" rather than "I go potty.")
- Model and encourage correct production of letter sounds and words ("horse" instead of "horsey" and "like" instead of "wike")
- Practice putting things in and out of his/her backpack . As a grade level, we do not check backpacks after the first full week of school. We expect your child to take his/her daily materials out independently each day with reminders.
- Talk with your child about his/her lunch (do you have a lunch bag?, are you buying?) and snack (where is it?, etc)
- Help your child look forward to school and talk about it in a friendly way to help your child be excited.

We are so fortunate to have so many technology resources!

Each kindergartener will be issued a Wake County chromebook that will remain at school.
