

Dillard Drive Magnet Middle School

Center for World Languages and Spanish Immersion

Principal Margaret Feldman, mfeldman@wcpss.net

Magnet Coordinator, Jessica Nelson, jnelson1@wcpss.net

Dillard Drive Magnet Middle School fosters a nurturing, safe environment, global connections, and global citizenship through relevant and meaningful curriculum, world languages, 21st Century skills, and social and emotional learning. Together with community stakeholders, we at Dillard Drive Magnet Middle School aim for all students to feel valued, challenged, and engaged in their communities and the world. DDMMS staff will prepare students to be productive citizens and future leaders for our diverse world.

The 2020-2021 school year marks the first year of Dillard Drive Magnet School's new World Language Magnet program. During this year, we have planned out a **new lan-**

guage program, applied for a **partnership school in France**, **revamped** our elective program, and **implemented** staff development centered around our theme of world languages and global competency goals. In 2021-2022, DDMMS will implement a language program that will offer students the opportunity to earn up to 2 High School credits in a foreign language, implement a new elective course menu, and provide global thematic integration in all core classes. Each year our program will build and develop and our parents, community, students, and staff are very much a part of this process. Please join us virtually to learn more!
