Social Studies 6-9

Degree: Bachelor of Arts in History
University: University of California, San Diego

PERSONAL PROFILE

I am originally from Vista in sunny southern California, near San Diego. I attended the University of California, where I studied History, Science, and Economics. I moved to Wake County three years ago and I enjoy having an actual change in the seasons! Since moving to North Carolina, I obtained my teaching license through North Carolina Central University. I love books, movies, and games! I also enjoy playing cards and hanging out with my family during my free time!

“All students WILL succeed”
