What does it mean to be a Title I school? The focus in a schoolwide Title I school is serving all students. Schoolwide programs maximize the impact of Title I funding in that all students in the school are served as funds are used to improve the entire educational program.

What is a school & family compact? A school & family compact is an agreement between families, students and school staff. It explains how families and school staff will work together to make sure all students get the individual support they need to reach and exceed grade level standards.
