# **Board of Education's Proposed Budget**

Fiscal Year July 1, 2025 – June 30, 2026

**WAKE COUNTY**  
PUBLIC SCHOOL SYSTEM

CARY, NORTH CAROLINA

# WAKE COUNTY BOARD OF EDUCATION

CROSSROADS BUILDING 1  
5625 DILLARD DRIVE  
CARY, NORTH CAROLINA 27518

**Dear Chair Evans and members of the Wake County Board of Commissioners,**

On behalf of the Wake County Board of Education, I present to you our proposed budget and our county appropriation request for the 2025-26 fiscal year.

Please know that we recognize and appreciate that your consistent and impactful financial support has allowed our school district to thrive as one of the most accomplished public school districts in the nation, even as it grows into one of the largest. Together we have built a community with a trained and talented workforce, a vibrant economy, and a high quality of life that attracts new residents from around the country.

Each year brings its own budget needs and difficult decisions; however, this year is exceptional. I know that you understand and recognize the current political and economic uncertainty around the future of public education funding, at the state and national level, just as I and the most conscientious Board of Education members also understand and appreciate the economic vulnerabilities that you, and our county's residents, are facing.

In light of this uncertainty, our proposal represents a balance between meeting the most urgent needs of our school district, including opening four new schools next school year, and making strategic budget reductions to valuable programs, necessary to reduce our total operating costs.

For the 2025-26 school year, we are requesting a \$40.3 million increase in county appropriations to sustain student success while strategically realigning \$17.3 million to maintain a balanced budget.

## **New growth, new schools, rising costs**

Our community continues to grow, and with that growth comes the need for expanded educational infrastructure.

In addition to increased expenses required to support student enrollment growth and rising utility costs, this year we will open four new schools: **Bowling Road Elementary** (Fuquay-Varina), **Pleasant Plains Elementary** (Apex), **Rex Road Elementary** (Holly Springs), and **Felton Grove High School** (Holly Springs).

Bringing these schools online requires new investments in staffing, transportation, and day-to-day operations - investments necessary to ensure every student has access to a

high-quality learning environment. Yet the funding we receive from the state is inadequate to fully support these new schools.

To compound this, the state places additional regulatory burdens on our district, leading to additional significant costs, including: Legislated **salary increases not fully covered by the state**, leaving local governments to bridge the gap; **Class size restrictions** that require us to inefficiently operate our elementary schools below actual capacity and to transport children far from their neighborhoods; and, **State-mandated transfers of local funds to charter schools**, that siphon away over \$81.5 million from the total county appropriation.

In light of these pressures, we are unable to expand programming this year, and will focus our efforts on maintaining the standards of excellence Wake County families expect.

### **Thoughtful realignment of resources**

To offset these rising costs and new obligations, we are making targeted reductions to important programs that total \$17.3 million. We've worked hard to shield classrooms from the worst of the impact, though we recognize that every cut has consequences. While we prioritized minimizing the direct impact on schools, with roughly half of the proposed cuts coming from WCPSS Central Services, some measures will affect our students and school-based staff directly.

These reductions include:

- Streamlining administrative and program management, staffing, and services;
- Reduced funding for school supplies and support programs; and
- Fewer positions in clerical support, assistant principals, counselors, social workers, and permanent substitutes.

### **Responsive to public demands**

Our Board of Education gave deep and thoughtful consideration to our superintendent's proposed budget, and held public hearings around Wake County, inviting residents to comment. The response was overwhelming; though necessary, cuts to essential services and staff in our schools to reduce projected 2025-2026 expenses were not popular. Wake County residents support Wake County teachers and healthy schools. While we could not eliminate all of the proposed cuts objected to by the public, our Board worked hard to incorporate the highest prioritized demands into the budget we present to you, without requesting any funds beyond our superintendent's original ask.

Therefore, full-funding of our requested county appropriation will allow us to work together to:

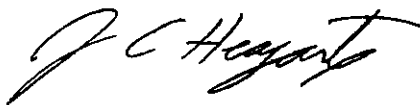

- Prevent elimination of employer contributions for staff dental insurance;
- Prevent a reduction in funding for 43 Restart Schools; and,
- Prevent reductions to important custodial, maintenance, energy, and grounds contracted services, necessary to keep our schools clean and operational.

### **A strong partnership**

As we face these challenges together, we understand and recognize the uncertain political and economic climate we are in, and our Board has worked hard to present you with a proposed budget and appropriation request that makes significant sacrifices in order to fall within your means to fund. You will find no fluff or puffery within this budget, only the minimum required to keep our schools operational and functioning at the level expected by Wake County families.

We make this request for only the most necessary of funding with respect and appreciation for your long track record of placing a high value on sustaining a strong public education system in Wake County. In return, we hope that you work to find what is necessary to support our students, educators, and schools, and we thank you for your thoughtful consideration of our request.

Sincerely,

A handwritten signature in black ink, appearing to read "J C Heagarty". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

J. Christopher Heagarty

**Chair, Wake County Board of Education**

# **Introduction**

# Budget at a Glance

There are two major components of the Total Budget: Operating Budget and Capital Improvements Budget.

**The Operating Budget** pays for day-to-day costs of operating the school system, such as salaries and benefits, purchased services, supplies and materials, maintenance, transportation, and utilities. This is the current expense portion of the operating budget. The capital outlay portion of the operating budget includes vehicles and equipment. The primary sources of funding for the operating budget are state, federal, and county tax dollars, as well as grants, fees, fines and forfeitures, and interest income.

**The Capital Improvements Budget**, or the building program, pays for design and construction of new schools, expansion of existing schools, major renovation and replacement of older facilities, and building life cycle projects to meet educational standards. The issuance of bonds, where voters authorize the state or county to borrow money, pays these costs. County revenues pay the bonds over a number of years.

<b>State Reimbursement - Reduced Priced Breakfast</b>	\$0.3 m		
<b>Other State Allocations for Current Operations</b>	\$0.1 m		
<b>Local Sources 36%</b>		<b>The local budget pays for:</b>	
<b>Noncategorical</b> (Most flexible sources. Unused funds roll to fund balance.)		Salaries and Benefits \$558.8 m	
• County Appropriation (County appropriation is received 1/12 per month.)	\$742.9 m	Purchased Services \$100.5 m	
• Fund Balance Appropriation	\$21.4 m	Transfers to Charter Schools \$81.5 m	
• Investment Interest	\$8.2 m	Supplies and Materials \$46.6 m	
• Indirect Cost (charged to enterprise and grant activities for building use, utilities, maintenance, etc.)	\$3.2 m	Utilities \$43.1 m	
• Fines and Forfeitures	\$2.9 m	Capital Outlay \$0.7 m	
• Tuition and Parking Fees	\$1.7 m		
• Rebates	\$0.3 m	Local salary supplement for all teachers and school-based administrators is included in salaries and benefits.	
• Cellular Lease	\$0.3 m		
• Disposition of Fixed Assets	\$0.2 m		
<b>Enterprise Funds</b> (supported by outside fees)			
• Child Nutrition	\$17.6 m		
• Community Schools	\$17.3 m		
• Tuition Programs (Before/After School Care, Preschool, Project Enlightenment, Summer Immersion Program, and Summer School)	\$7.9 m		
<b>Local Grants/Contracts/Donations</b>	\$7.3 m		
<b>Federal Sources 8%</b>		<b>The federal budget pays for:</b>	
Federal Grants routed through NCDPI	\$91.3 m	Salaries and Benefits \$113.2 m	
Commodities (turkey, beef, cheese)	\$59.6 m	Purchased Services \$23.2 m	
Direct Federal Grants	\$14.8 m	Supplies and Materials \$40.9 m	
Medicaid	\$11.6 m	Capital Outlay \$0.6 m	
ROTC	\$0.6 m		

Most of the school system's funding, 87 percent, goes directly to WCPSS schools. Four percent of funds received by WCPSS is not available for its use and must be paid to Charter Schools. Facilities and Operations, which includes child nutrition services, student transportation services, school building maintenance, operations, and utilities makes up 3 percent of the total, and directly supports the district's schools and students. The remaining 6 percent is made up of support services including Academic Advancement (Academics, Special Education, and Student Services), Administrative Services (Finance and Human Resources), Technology Services, and other central support areas.

## Operating Budget: \$2,280,775,948

\*Charter schools receive state funds directly from NCDPI. The local pass through to charter schools represents 11% of the local funds due to charter schools.

# Budget at a Glance

## OPERATING BUDGET

The total operating budget is \$2.3 billion. This budget provides resources for over 10,000 teachers, teaching 162,000 students in 202 different schools.

Public education is a human-resource-intensive business with 83 percent of the Wake County Public School System's (WCPSS) total operating budget invested in its people; 9 percent is spent on purchased and contracted services, 4 percent on supplies and materials, and 4 percent on transfers to charter schools.

Operating Revenue	
State Sources	\$ 1,271,605,340
Local Sources	831,234,732
Federal Sources	177,935,876
<b>Total</b>	<b>\$ 2,280,775,948</b>

Operating Expenditures		
Salaries and Benefits	\$ 1,896,770,949	83%
Purchased Services	204,353,696	9%
Supplies and Materials	96,527,768	4%
Capital Outlay	1,569,527	<1%
Transfers to Charter Schools	81,554,008	4%
<b>Total</b>	<b>\$ 2,280,775,948</b>	<b>100%</b>

## STATE FUNDING

The NC Constitution mandates the General Assembly to adopt a two-year balanced state budget in odd-numbered years, when lawmakers are required by the Constitution to convene. The NC General Assembly began their long session on January 8, 2025.

The NC Constitution requires the governor to periodically give the General Assembly "information on the affairs of the state," (i.e. State of the State address). Governor Stein delivered his address on March 12, 2025. This was the informal start of the budget process. Governor Stein released his budget to the NC General Assembly on March 19, 2025.

The Senate released its budget proposal on April 15, 2025. That will be followed by the House developing, proposing, and voting on their budget proposal in May. In June, both chambers will negotiate and vote on a conference budget. Once conferees come to an agreement, they will share the negotiated budget to be voted on by legislators in each chamber. The final budget package is then sent to the governor to sign into law or veto within 10 days.

State Revenue	
State Public School Fund	\$ 1,268,095,443
LEA Financed Purchase of School Buses	3,170,917
Child Nutrition - Breakfast Reimbursement	252,372
Other Allocations for Current Operations	86,608
<b>Total</b>	<b>\$ 1,271,605,340</b>

State Expenditures 56% of the Operating Budget		
Salaries and Benefits	\$ 1,224,880,321	96%
Purchased Services	37,462,119	3%
Supplies and Materials	9,023,745	1%
Capital Outlay	239,155	<1%
<b>Total</b>	<b>\$ 1,271,605,340</b>	<b>100%</b>

WCPSS developed the 2025-26 proposed budget based on the following assumptions and estimates an increase of \$56.9 million in state funding.

State will provide pay increases	\$ 34.7 m
Employer matching retirement and hospitalization insurance rates will increase	17.2 m
State will provide resources for four new schools	7.6 m
State will provide resources for student membership changes	6.9 m
Changes in carryover funds and categorical allotments	(9.6 m)
	<b>\$ 56.8 m</b>

The legislature will make decisions during the long session that will impact budget costs. The proposed budget includes a potential risk for the legislative impact. Once the legislature approves a budget for 2025-26, staff will provide the impact on resources.

# Budget at a Glance

## LOCAL FUNDING

Local sources support 36 percent of the overall operating budget. The primary source of local funding is county appropriation. Other sources include tuition and fees, Child Nutrition Services (CNS) sales revenue, fund balance appropriation, indirect cost, fines and forfeitures, interest earned, grants, donations, and rebates.

Local Revenue	
County Appropriation	\$ 742,875,207
Tuition and Fees	26,911,981
Child Nutrition Sales	17,609,089
Local Sources - Unrestricted	11,472,389
Local Sources - Restricted	10,966,066
Fund Balance Appropriated	21,400,000
<b>Total</b>	<b>\$ 831,234,732</b>

Local Expenditures 36% of the Operating Budget		
Salaries and Benefits	\$ 558,732,425	67%
Purchased Services	143,643,888	17%
Supplies and Materials	46,563,647	6%
Capital Outlay	740,764	<1%
Transfers to Charter Schools	81,554,008	10%
<b>Total</b>	<b>\$ 831,234,732</b>	<b>100%</b>

## County Appropriation

The county appropriation is the largest local source of funding in the WCPSS budget. It supports 32 percent of the school system's operating budget. The WCPSS superintendent and the Wake County manager communicate regularly regarding the operating budget of the school system and county. The Wake County Board of Education requests county funding from the Wake County commissioners each year. County staff and commissioners evaluate the request from the school board and determine an approved appropriation for the subsequent year. The amount is typically different than the amount requested. The school board must then reconcile the difference by adjusting budget priorities. The Wake County Board of Education requests an increase of \$40.3 million for 2025-26 for a total county appropriation of \$742.9 million.

	2024-25	Proposed 2025-26	Difference	Percent Increase
County Appropriation				
Current Expense - Recurring	\$ 701,653,022	\$ 741,912,043	\$ 40,259,021	
Crossroads Lease	954,294	963,164	8,870	
	<b>\$ 702,607,316</b>	<b>\$ 742,875,207</b>	<b>\$ 40,267,891</b>	<b>6%</b>
Student Membership				
WCPSS	161,115	162,420	1,305	1%
Charter Schools	18,772	19,721	949	5%
	<b>179,887</b>	<b>182,141</b>	<b>2,254</b>	<b>1%</b>
<b>Allocation Per Student</b>	<b>\$ 3,906</b>	<b>\$ 4,079</b>	<b>\$ 173</b>	<b>4%</b>

## Tuition and Fees

Fees from student and community participation support tuition and fee programs such as before and after school care and community schools. The proposed budget includes a decrease of \$2.5 million in carryover funds that supported the Extended Care program for 2024-25.

## Child Nutrition Sales Revenues

WCPSS has an increase in the number of schools participating in Community Eligibility Provision (CEP). These are schools in low-income areas that provide free breakfast and lunch to all students. Therefore, local revenues from lunch sales show a decrease of \$8.5 million.

## Fines and Forfeitures

In North Carolina, the Clerk of Superior Court collects fines and forfeitures and distributes funds to local school systems. The budget varies each year. The proposed budget decreases fines and forfeitures by \$1.4 million for a one-time payment from the Altria settlement.

# Budget at a Glance

---

## Indirect Cost

WCPSS collects indirect costs from enterprise and grant funds. These funds support costs in the local budget.

## Fund Balance

The unassigned current expense fund balance for WCPSS decreased from \$52.6 million as of June 30, 2023, to \$39.3 million as of June 30, 2024. The proposed budget includes an appropriation of \$21.4 million towards the 2025-26 beginning budget. This is \$11.0 million less than the \$32.4 million appropriated toward the beginning budget in 2024-25.

## Summary of Local Revenue and Expenditure Changes

The summary below shows how all changes in local revenues, fund balance, and expenditures impact the county appropriation request.

<b>Changes in revenues supporting local expenditures (pages 45-47)</b>	
Tuition and Fees	\$ (2,191,697)
Child Nutrition	(8,476,469)
Local Unrestricted Revenues	(1,410,668)
Local Restricted Revenues	(374,289)
Positions Funded by Individual School Accounts	(979,276)
	<b>\$ (13,432,399)</b>
<b>Decreases in fund balance appropriated for the local budget (page 47)</b>	
Beginning appropriated fund balance	\$ (10,996,095)
Mid-year appropriations of fund balance for one-time costs	(17,340,161)
	<b>\$ (28,336,256)</b>
<b>Changes in local expenditures (page 13)</b>	
Employee Compensation	\$ 13,555,004
Legislative Requirements	14,358,901
New Schools and School Changes	11,675,641
Student Membership Changes	2,043,748
Program Continuity	3,674,828
Increasing Property Costs	2,170,222
Removal of Prior Year One-time Costs	(23,620,337)
Strategic Budget Realignment	(15,893,999)
Changes to Grants, Donations, and Fees	(9,043,359)
Grants, Donations, and Fees Ending	(421,413)
	<b>\$ (1,500,764)</b>
<b>Equals change in county appropriation (page 45)</b>	<b>\$ 40,267,891</b>

# Budget at a Glance

## FEDERAL FUNDING

The federal government's budget runs from October 1 through September 30 of the next year. The work begins in the executive branch the year before the budget is to go into effect. Federal agencies create budget requests and submit them to the White House Office of Management and Budget (OMB). OMB refers to the agency requests as it develops the president's budget proposal. The president submits his budget proposal to Congress early the next year.

Similar to the state budget process, the US Congress's first task in the annual process is to pass a budget resolution creating a framework and setting overall spending limits. There are 12 subcommittees in charge of funding for different functions of government. The subcommittees draft appropriation bills setting the funding for each. The House and Senate vote on their bills, and if passed, the bills go to the president for signature. If Congress passes, and the president signs, all 12 bills by September 30 — the last day of the current fiscal year — the country has a new budget in time for the start of the next fiscal year.

There is discussion at the federal level of potential reductions to grants the district receives. WCPSS will remain alert to changes that will have a significant impact to our district. Very little is known at this time.

This proposed budget includes projections for grant awards for 2025-26, including an estimate of carryover amounts.

Federal Revenue		Federal Expenditures 8% of the Operating Budget		
Restricted Grants (Received through NCDPI)	\$ 91,277,807	Salaries and Benefits	\$ 113,158,203	64%
Restricted Grants (Received Directly)	26,493,359	Purchased Services	23,247,689	13%
USDA Grants	59,598,226	Supplies and Materials	40,940,376	23%
ROTC	566,484	Capital Outlay	589,608	<1%
<b>Total</b>	<b>\$ 177,935,876</b>	<b>Total</b>	<b>\$ 177,935,876</b>	<b>100%</b>

### Restricted Grants Received through the North Carolina Department of Public Instruction (NCDPI)

The state receives federal grant awards and distributes them to school districts across the state. WCPSS receives 13 competitive and formula federal grants from NCDPI. Many of these grants have a 27-month term. This enables school districts to utilize carryover balances at the start of a fiscal year to support costs until new federal funding is approved in October. The federal government operates under a different fiscal year than the state government. WCPSS program managers estimate the funds available for these grants will decrease from \$116.0 million to \$91.3 million. The decrease of \$24.7 million is primarily due to utilizing accumulated carryover funds.

WCPSS received one-time funds from the federal government during the COVID-19 pandemic. The 2024-25 budget includes \$10.4 million in carryover funds from the last federal relief grant that ended September 30, 2024. There is a decrease in federal funding for 2025-26 due to the conclusion of federal relief funding from the pandemic.

### Restricted Grants Received Directly

WCPSS receives competitive grants directly from the federal government. Direct federal grants have varying terms, many covering several years. In 2024-25, the WCPSS budget includes \$25.5 million in direct awards and carryover for magnet grants. WCPSS estimates the 2025-26 budget will be \$14.8 million; reflecting a decrease of \$10.7 million. The decrease is due to utilizing carryover balances and grants ending.

WCPSS receives reimbursable funds for Medicaid Direct Services Reimbursement Program and Medicaid Administrative Outreach Program. The revenues reimbursed to the district carry over from year to year. The 2024-25 budget included \$17.8 million in carryover and reimbursement for the Medicaid programs. WCPSS estimates the 2025-26 budget will be \$11.7 million. The decrease of \$6.1 million is due to utilizing accumulated carryover funds.

### USDA Grants and ROTC

WCPSS receives \$51.7 million in reimbursable grants from the USDA and ROTC. WCPSS estimates the budget will increase to \$60.2 million in 2025-26. WCPSS has an increase in the number of schools participating in Community Eligibility Provision (CEP). This increases the reimbursement from USDA to provide free breakfast and lunch to all students in these school in low-income areas.

# Budget Development

## BUDGET PROCESS

Budget development begins in the fall and leads to the adoption of a budget resolution in June by the Wake County Board of Education. The Wake County Public School System prepares a budget and aligns resources as needed to support the system's strategic plan.

Each area submitted funding requests to propose an increase or decrease to the budget based on variables such as student membership, new schools, and calendar and rate changes. Chief officers determine which requests to submit for consideration. Funding requests are organized into the following categories and then grouped by area:

- Employee Compensation
- Legislative Requirements
- New Schools and School Changes
- Student Membership Changes
- Program Continuity
- Increasing Property Costs
- Removal of Prior Year One-Time Costs
- Strategic Budget Realignment
- Changes to Grants, Donations, and Fees
- ARP Act - ESSER III
- Grants, Donations, and Fees Ending
- Capital Building Program

The superintendent and chief officers prioritize requests and prepare a proposed budget. The superintendent delivers the Superintendent's Proposed Budget to the board in March or April. Following review, a public hearing, and any changes, the board approves the Board of Education's Proposed Budget and delivers it to the Wake County Board of Commissioners by May 15.

The General Assembly may approve a budget by June 30, or their session may extend into the summer. The county commissioners will approve a budget in June. The Wake County Board of Education will need time to make decisions to adjust their budget estimates and requests to funding approved by these external funding sources. It is likely the board will approve an interim budget resolution in June to allow the start of the fiscal year. After the board makes funding decisions, they will approve a budget resolution after the start of the fiscal year.

## BUDGET ACTIVITIES IN 2024-25

October 2024	Budget staff provide instructions and budgetary assumptions for the development of the Superintendent's Proposed Budget.
December 2024 - January 2025	Each area prepares funding requests and budget projections for the 2025-26 budget.
December 20, 2024	Chief officers submit funding requests and budget projections for the 2025-26 budget.
February 2025	Budget staff provide an unbalanced budget for the superintendent's review.
February 2025 - March 2025	Superintendent and chiefs work sessions to balance the budget.
March 18, 2025	Deliver the Superintendent's Proposed Budget to the Wake County Board of Education.
April 2025	Wake County Board of Education work sessions and public hearing on the Superintendent's Proposed Budget.
May 6, 2025	Wake County Board of Education work session and approval of their proposed budget.
May 15, 2025	Deliver the Board of Education's Proposed Budget to the county commissioners.

# Potential Risks

---

The following areas of uncertainty could impact costs in the 2025-26 budget:

## Charter Schools

In accordance with General Statute 115C-218.105, WCPSS must distribute a portion of local current expense revenues to charter schools. The amount of the distribution fluctuates monthly based on student membership of WCPSS students, Wake County students attending charter schools, and total local current expense revenues. WCPSS monitors the projected status throughout the year. The proposed budget includes an increase of \$7.3 million for 2025-26. The actual increase could be different. Approximately 11 cents of each dollar of local current expense revenues goes to charters schools.

## Child Nutrition Services

WCPSS continues to review the status of the child nutrition enterprise budget. Significant non-recurring Supply Chain Assistance funding received in 2022-23, 2023-24, and 2024-25 from the United States Department of Agriculture provided a temporary bridge to suspend the impact of extraordinary and compounding wage and benefits cost increases (for which CNS receives no funding), plus elevated food/supplies costs. Since supplementary funding is not expected for 2025-26, the potential impact on the local budget is likely if the amount of federal/state reimbursement and cash sales are insufficient to cover costs. If the revenues from federal/state reimbursements and cash sales are insufficient to cover costs, reserve funds (months operating balance) must be used to sustain operations. The risk to WCPSS is that if reserve funds are depleted, WCPSS will have to support child nutrition operations which would require budget reductions to the district's operating budget.

## Federal Funding Uncertainty

Federal funds represent 8 percent of the WCPSS operating budget. There is discussion at the federal level of potential reductions to grants the district receives. WCPSS will remain alert to changes that will have a significant impact to our district. Very little is known at this time.

## Funding in Arrears

The state moved to a new funding system for the 2024-25 fiscal year. Under the new legislation, the state provides initial allotments equal to budget provided on the prior year best month 1 or 2. This is a funding in arrears model. If there is growth, and the average student membership is higher in the new year, the state will provide an adjustment based on the second month average student membership. School districts with growth will receive a pro rata share if appropriated contingency reserve is not sufficient. This would then reset the base budget for funding in arrears the subsequent year. This is a potential risk each year until there is certainty the adjustment for growth will occur at the full amount due.

## Legislative Requirements

The proposed budget includes estimated legislated salary increases of 3 percent and estimates in the employer contribution requirements for healthcare insurance and employee retirement based upon average increases since 2010-11. Any differences in salary or rate increases than those estimated in the proposed budget will impact budget costs. Once the legislature approves a budget for 2025-26, staff will provide the impact on resources.

	Actual 2024-25	Estimated 2025-26	Rate Increase	Percent Increase
Retirement	24.04%	25.72%	1.68%	7%
Hospitalization	\$8,095	\$8,419	\$324	4%

## Projected Student Membership

The proposed budget is based on a projected student membership of 162,420 for WCPSS and 19,721 for Wake County students attending charter schools. Some resources needed may change based on actual student membership for both WCPSS and charter schools.

	2024-25	2025-26	Difference
WCPSS Student Membership	161,115	162,420	1,305
Charter Student Membership	18,772	19,721	949
	<u>179,887</u>	<u>182,141</u>	<u>2,254</u>

# Potential Risks

---

## **Salaries and Benefits**

WCPSS includes funds in the state and local operating budget for salaries and benefits based on the typical number of filled positions. There is not enough budget to pay every position as if it were filled every day. There is budget to pay salaries and benefits based on our trend data for filled positions on an annual basis. WCPSS's rate of filled position is improving. This is good. It means vacant position rates are lower. As vacancy rates decline, actual costs for salary and benefits become much closer to budget. The vacancy rate for WCPSS is currently 6.3 percent for approximately 1,400 positions or 14,000 months of employment. If the fill rate continues to improve, it is possible additional funds will be needed for salaries and benefits. WCPSS monitors the data each month.

## **Targeted Assistance**

The budget does not include funds for Targeted Assistance. In recent past years, staff has been able to reserve up to \$8 million in resources for Targeted Assistance. The area superintendents use this resource to approve one-time allocations to schools beyond formula to assist with class size issues, track issues, leave issues, and pay for planning necessary for classroom coverage. As a result of the forecast fiscal outlook for the remainder of this year and next year, it is possible that a significantly lower amount of funding, or no funding, be available for this reserve for the 2025-26 school year.

## **Transportation**

The departmental budget has been reduced in prior years to remove vacant position funding. Should the department be successful with the current recruitment and retention efforts, additional funding would be needed to support the growth of filled bus driver, safety assistant, and mechanic positions.

## **Unemployment Insurance**

Each year, around December, the district receives an invoice from the Division of Employment Security for the amount owed to maintain a required balance in our unemployment insurance account. This amount is based on a percentage of the wages paid, unemployment benefits paid to WCPSS employees, and a mandatory 1 percent reserve required by the State of North Carolina. The 1 percent reserve is set aside to ensure financial stability in the state's unemployment insurance fund, allowing it to meet obligations without relying on federal loans. The total due varies each year, depending on these factors.

# Membership Data

The projected number of students for the Wake County Public School System for 2025-26 is 162,420. School system and county staff, along with Carolina Demography University of North Carolina - Chapel Hill, review data and develop projections for student membership based on multiple factors.

K-12 Student Membership (2 <sup>nd</sup> month average daily membership)							
Grade Level	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual	2023-24 Actual	2024-25 Actual	2025-26 Projected

\*Second month average daily membership reported to NCDPI is lower than the figures used. The higher figures are based on the enrollment forecast team adjusting the second month average daily membership for under-counting students due to attendance violation issues (most notably, how students and teachers had issues with attendance related to virtual learning).

# Per Pupil Comparison

There are 115 public school districts in NC, excluding charter and regional schools. WCPSS has the largest student membership in the state and serves 11.7 percent of the students in the 115 districts. Despite being the largest district, WCPSS ranks low, 114 out of 115 districts in per pupil expenditure of state funds and 100 out of 115 districts in expenditures of federal funds. The primary reason for this is the state provides additional funding to small county and low wealth districts. In addition, some of the funding formulas include a base allotment distributed to all districts regardless of size. Therefore, funding does not follow the student in terms of distribution of resources across the state.

WCPSS receives \$729 less than the average amount per student in state funds and \$717 less than the average amount per student in federal funds when comparing all 115 school districts. The ranking for local expenditures per student is better. WCPSS ranks 14 out of 115 districts in local spending per student.

The most recent data available for individual school district national comparisons by the US Census Bureau is data from the 2021-22 year. The chart below compares WCPSS to other districts of similar size across the country. WCPSS ranks low in terms of per pupil spending. Even though the cost of living may vary from state to state and district to district, this shows that Wake County taxpayers are paying less per student than other large districts across the country.

**Comparison of Per Pupil Spending with National Districts as of 2021-22\***

**Organization**

# Board of Education

The Wake County Board of Education is the local governing body of the Wake County Public School System. Its nine members are currently elected from separate county districts.

The school board sets policy for the school system that is implemented by the superintendent and administrative staff. The board also adopts an annual budget proposal that includes its request for local funding from the Wake County Board of Commissioners as well as its plan for using state and federal funds. The school board does not have taxing authority.

The North Carolina State Board of Education, as legislated by the North Carolina General Assembly, provides statewide public school governance. The state is responsible for the majority of the district's funding as well as oversight of core academic curricula.

# Board's 2025 Legislative Agenda

---

**WAKE COUNTY  
BOARD OF EDUCATION**

## 2025 State Legislative Advocacy Priorities

### **Funding Public Education**

The Wake County Board of Education calls upon the North Carolina General Assembly to make important systemic reforms regarding the Funding of Public Education, to ensure that public schools, which are mandated to serve all enrolled children regardless of income, health, or ability, receive the educational funding they need to provide a sound basic education.

The Wake County Board of Education also calls upon the North Carolina General Assembly to prioritize public school dollars to fully fund public schools, not private school vouchers.

---

#### **Raising Teacher Compensation Towards the National Average**

North Carolina must make a significant public investment in its education system—one that is competitive with other states in our region and the economic markets with which we compete. This investment is essential to attract and retain quality educators and eliminate teacher shortages, particularly in fields requiring advanced training. Specifically, this includes funding competitive salaries for teachers, classroom staff, and support personnel that align with those in other states and professions requiring similar education levels. These essential workers are being lost not only to out-of-state school districts but also to better-paying private-sector jobs, especially in STEM subjects and career and technical education.

#### **Modernizing the Special Education Funding Formula**

North Carolina must modernize the special education funding formula by amending funding caps and ensuring the state provides the necessary resources for every child requiring special education services—not just the first 13%. Funding for special education teachers and instructional assistants must be increased to address high turnover and staff shortages, which disrupt essential services for children with disabilities.

#### **Addressing Student Hunger to Support Academics**

Due to inadequate federal funding and stagnant reimbursement rates that have not kept pace with inflation, North Carolina must supplement funding for student meal programs to combat student hunger and ensure students are ready to learn. Rising food costs, coupled with insufficient federal support, create significant challenges for school meal programs. Without adequate nutrition, students face various challenges that impact their well-being and ability to focus on learning. North Carolina should provide adequate funding for improved nutrition for grades k-5 with an estimated investment of approximately \$140 million.

#### **Funding Based on Actual Enrollment**

To ensure that all children receive the funding they need, public school financing should be based on actual school enrollment rather than formulas relying solely on average daily membership (ADM). The current approach does not account for the total number of students each public school serves.

#### **Reducing Barriers to Teacher Licensure**

To support teacher recruitment and retention, the North Carolina General Assembly should adjust teacher licensure requirements to accept out-of-state licensure tests, eliminate costly additional testing, and reduce testing and licensure fees. DPI should accept out-of-state tests for candidates who have completed an approved educator preparation program for elementary (K-6) or exceptional children (General Curriculum), regardless of years of experience. The additional edTPA/PPAT test requirements should be removed. Other high testing costs and licensure fees should also be removed or reduced.

# Board's 2025 Legislative Agenda

---

## WAKE COUNTY BOARD OF EDUCATION

### Local Flexibility Over Operational Issues

The Wake County Board of Education also calls upon the North Carolina General Assembly to grant greater local flexibility over operational issues, allowing the district to address local needs more effectively and efficiently.

---

#### School Calendar Flexibility

Wake County Public School System should have the discretion to modify school calendars to align with state community college schedules and make necessary adjustments in response to weather and emergency-related situations.

#### K-3 Class Size Flexibility

Furthermore, the district should have greater flexibility in waiving K-3 class size requirements to optimize available facilities and classroom space cost-effectively. Expanding such waivers in Wake County could create the capacity equivalent to nine new elementary schools without increasing capital construction costs while also reducing transportation expenses and school reassignments. Waivers for non-low-performing elementary schools would provide facility relief with minimal impact on academic achievement in already high-performing schools.

#### Exploring Local Funding Options

Wake County voters should also be given the opportunity to vote on additional funding options for school capital and operational needs through local revenue collection measures, such as a temporary sales tax earmarked for school renovations and heating and air conditioning system improvements.

#### Restart-like Flexibility

Research has shown conclusively that Restart Schools, benefiting from their authorization to use flexibility to address specific needs and barriers to school improvement, have resulted in improved academic growth and achievement. The General Assembly should expand the use of Restart School flexibility to all public schools, strengthening systems and structures to lead to more positive student outcomes.

### Fair and Transparent Access to School Performance

The Wake County Board of Education urges the North Carolina General Assembly to ensure fair and transparent access to school performance data for families considering educational options and ensure accountability for the use of public dollars for education.

---

#### Prioritize the Needs of Public School Students

The Board believes that funding for public school needs should be prioritized and met before public funds are allocated to private schools. If the state continues to provide public dollars for private school vouchers, with \$616 million in state tax money appropriated last year alone, then all schools—public, private, or charter—accepting public dollars for K-12 education should be required to provide the same student achievement and budget accountability information. This transparency will empower parents to make informed decisions and ensure the responsible use of public tax dollars.

#### Improving School Performance Evaluation

The state's grading and evaluation system for school performance should be revised to rebalance the achievement and growth ratios, aligning them with neighboring states. A broader range of factors should be considered to measure student readiness for life after graduation.

---

# WCPSS Core Beliefs

---

All Wake County Public School System students will be prepared to reach their full potential and lead productive lives in a complex and changing world.

**#1 Every student is uniquely capable and deserves to be challenged and engaged in relevant, rigorous, and meaningful learning each day.**

**#2 Every student is expected to learn, grow, and succeed while we will eliminate the ability to predict achievement based on socioeconomic status, race, and ethnicity.**

**#3 Well-supported, highly effective, and dedicated principals, teachers, and staff are essential to success for all students.**

**#4 The Board of Education, superintendent, and all staff, while sustaining best practices, will promote and support a culture of continuous improvement, risk-taking, and innovation that results in a high-performing organization focused on student achievement, well-being, and student agency.**

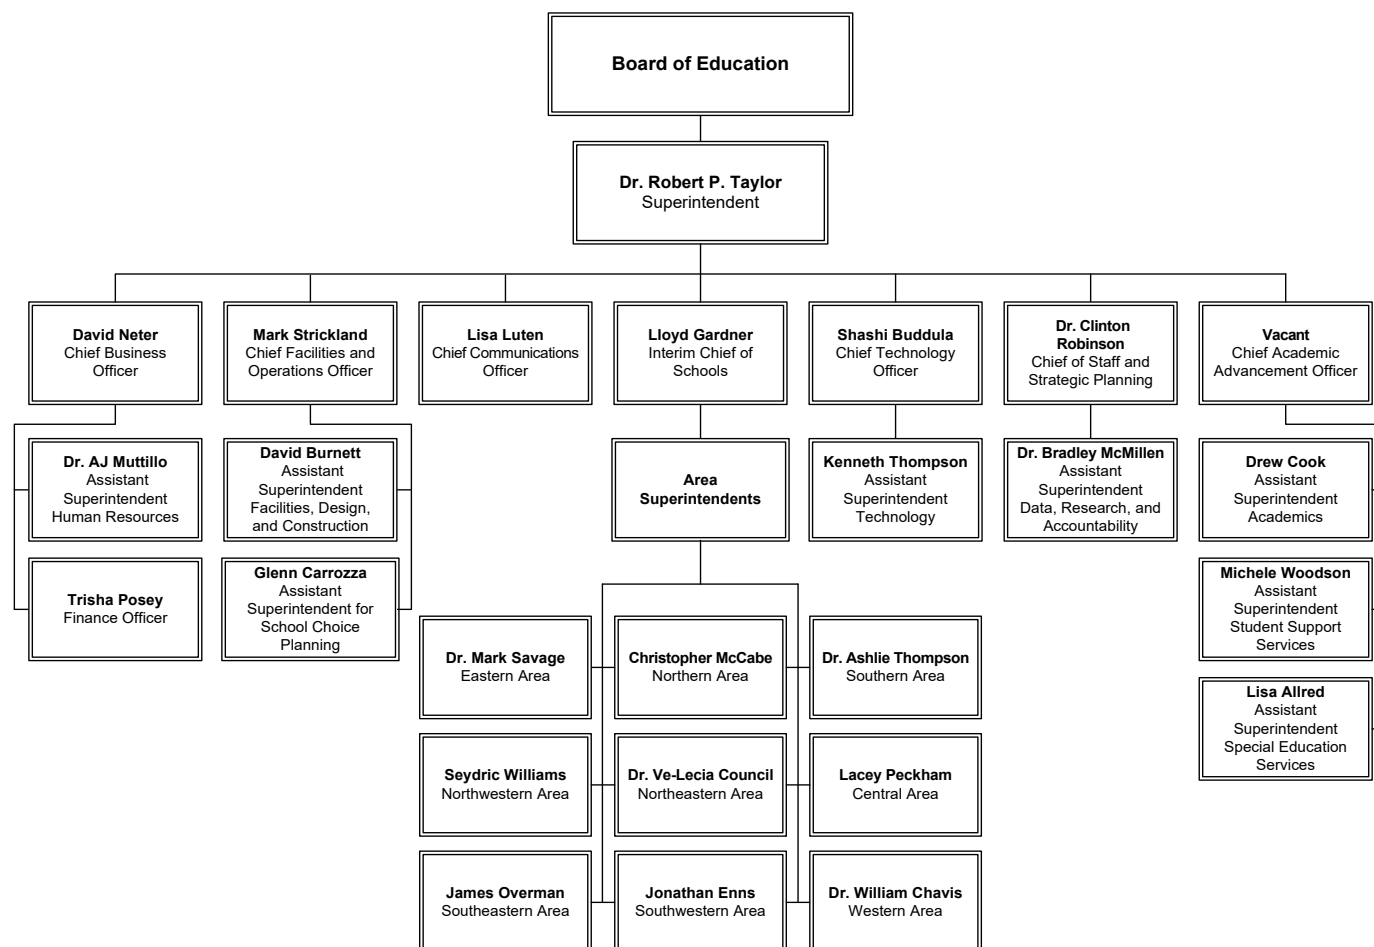

**#5 The Board of Education, superintendent, and all staff value a diverse school community that is inviting, respectful, inclusive, flexible, and supportive.**

**#6 The Wake County residents value a strong public school system and will partner to provide the support and resources to fully realize our shared vision, accomplish the mission, and sustain our core beliefs.**

**#7 All students and staff deserve to work in optimal learning environments supported by sufficient resources, well-maintained facilities, and sustainable operational systems.**

## REPORTING ENTITY

The state primarily finances the cost of public education in North Carolina which establishes minimum programs. Local boards of county commissioners appropriate local funds, in varying amounts by district, that supplement the basic program. Local boards of education in North Carolina have no tax levying or borrowing authority, and the state requires all districts to maintain accounting records in a uniform format. The Wake County Public School System prepared the budget on the modified accrual basis of accounting prescribed by legal requirements.

The board of education is a public school unit empowered by the North Carolina general statutes with the responsibility to oversee and control all activities related to public school education in Wake County, North Carolina. Since its members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters, the board is recognized as a separate government reporting entity, as defined by the Governmental Accounting Standards Board. The board receives funding from county, state, and federal government sources and must comply with the concomitant requirements of those funding entities. While the board receives county funding, the county is not entitled to share in any surpluses, nor is it required to finance any deficits.

### We need to maintain good business practices, but we are not a business...

- *Mandate to serve all customers*
- *Revenues are pre-determined*
- *Performance does not drive funding*
- *Must plan for growth without ability to fund*
- *Divergent essential partner*

PUBLIC SCHOOL FINANCING	PRIVATE	PUBLIC
<b>FUND ACCOUNTING</b>	Private sector presents a single, unitary entity for financial reporting purposes. Private sector financial statements are taken as a whole.	Governmental financial reporting focuses on grouping of various funds rather than as a whole. Fund accounting is developed from legal compliance and resource limitation issues.
<b>SPENDING FOCUS</b>	Private sector focuses on earnings and changes in business' total net resources.	Governments focus on changes in current spendable resources rather than total resources. Government limitation has short-term focus typically on operating budget.
<b>BUDGETARY REPORTING</b>	Private sector budgets are simply a financial plan allowing for change and flexibility during the fiscal year.	Governmental budgets are a system of checks and balances with limited flexibility. Governments demonstrate compliance with legally adopted budgets through mandated budget-to-actual comparison statements.

## WAKE COUNTY PUBLIC SCHOOLS BUDGET POLICIES

The Wake County Board of Education has adopted the following policies as a part of the official board policy as it relates to the budget process:

### **Annual Budget: Board Policy 8100**

The superintendent shall prepare an annual budget and submit it with a budget message to the board not later than April 15. The budget shall comply in all respects with the limitations imposed by law. The budget is a detailed annual operating plan expressed in terms of estimated revenues and expenses, stated in financial terms, for conducting programs and related services in the school system. The budget is a forecast of the projected cost of implementing the goals, objectives, and policies of the board, as well as any needed improvements in programs and support services planned by the board. The annual budget process and the resulting budget should serve as a means to improve communication within the school organization and between the school system and the citizens of the school community.

**A. Program Budgeting System:** The continuing central focus of the board is to improve the learning performance of individual students. Current levels of achievement will be assessed in comparison to goals and objectives to identify needs or problem areas requiring adjusted allocation of resources. Resources will be allocated to areas of greatest need. The performance of programs will be evaluated during the budget year to provide a base for subsequent budget development.

**B. Budget Preparation Procedures:** Budget planning shall be an integral part of program planning so that the budget may effectively express and implement all programs and activities of the school system. Budget planning shall be a year-round process involving broad participation by administrators, teachers, other personnel throughout the school system, and citizens.

**C. Budget Display:** On the same day that she/he submits the budget to the board, the superintendent shall file a copy of it in her or his office where it shall remain available for public inspection until the budget resolution is adopted.

**D. Budget Hearings:** The board shall hold at least one public hearing on the proposed budget prior to final action.

**E. Budget Submission to County Commissioners:** Upon receiving the budget from the superintendent and following the public hearing authorized by law, the board shall consider the budget, make such changes therein as it deems advisable, and submit the entire budget as approved by the board of education to the board of county commissioners not later than May 15 or such later date as may be fixed by the board of county commissioners.

**F. Commissioners' Budget Action:** The commissioners shall complete action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the school system for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format.

**G. Resolution of Budget Dispute:** Resolution of disputes between the board and the commissioners shall be accomplished in accordance with law.

**H. Adoption of Budget Resolution:** Adoption of the budget resolution shall be in accordance with the provisions of state law. After the board of county commissioners has made its appropriations to the school system, the board of education shall adopt a budget resolution making appropriations for the budget year in such sums as the board deems sufficient and proper. The budget resolution shall conform to the uniform budget format established by the State Board of Education.

**I. Budget Transfers and Amendments:** Budget transfers or amendments to the budget resolution, when deemed necessary by the administration or the board, shall be carried out in accordance with the provisions of state law and provisions of the adopted budget resolution.

**J. Interim Budget:** In case the adoption of the budget resolution is delayed until after July 1, the board shall make interim appropriations for the purpose of paying salaries and the usual ordinary expenses of the school system for the interval between the beginning of the fiscal year and the adoption of the budget resolution. Interim appropriations so made and expended shall be charged to the proper appropriations in the budget resolution.

# Budget Policies

## BUDGET BASIS

In North Carolina, the School Budget and Fiscal Control Act mandates a uniform budget format and the adoption of an annual balanced budget resolution by July 1 of each year.

### WHAT IS A BALANCED BUDGET?

#### § 115C-425. Annual balanced budget resolution.

(a) Each local school administrative unit shall operate under an annual balanced budget resolution adopted and administered in accordance with this Article. A budget resolution is balanced when the sum of estimated net revenues and appropriated fund balances is equal to appropriations. Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget year. The budget resolution shall cover one fiscal year.

(b) It is the intent of this Article that all moneys received and expended by a local school administrative unit should be included in the school budget resolution. Therefore, notwithstanding any other provisions of law, after July 1, 1976, no local school administrative unit may expend any moneys, regardless of their source (including moneys derived from federal, State, or private sources), except in accordance with a budget resolution adopted pursuant to this Article.

(c) Subsection (b) of this section does not apply to funds of individual schools, as defined in G.S. 115C-448. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1993, c. 179, s. 1.)

Source: <http://www.ncleg.net/gascripts/statutes/statutelookup.pl?statute=115c-425>

The district adopts a budget on a basis consistent with Generally Accepted Accounting Principles (GAAP), except for revenues and expenditures of the debt service fund and enterprise fund. The district budgets the enterprise fund on the modified accrual basis. Legal provisions conflict with GAAP in that there is no authorization for the board of education to maintain a debt service fund, even though the statutes allow continuing contracts for capital outlay purchases.

The following chart illustrates how the school system records and spends funds from different sources:

Funding Source	How are funds recorded?	How are funds spent?
<b>State</b>	As allotments are issued or revised by the NC Department of Public Instruction. Initial allotments at the beginning of the fiscal year and revisions throughout the school year.	Cash basis - No outstanding purchase orders can remain open at year end. Unexpended funds revert back to the state with few exceptions.
<b>Local</b> (county appropriation)	In accordance with the amount approved in the Wake County budget.	Modified accrual basis - Limited number of purchase orders may remain open at year end. Local revenues, less expenditures, roll to fund balance annually.
<b>Other Local</b> (fines and forfeitures, interest earned, indirect cost, and fees)	According to projections.	
<b>Grants and Donations</b>	In accordance with grant award notifications. The term may span multiple fiscal years.	Unexpended allocations lapse on the program termination date.
<b>Building Program</b>	When resolutions are approved through the board of education and county commissioners.	Accrual basis - Purchase orders are allowed to cross fiscal years. The balance rolls forward for each project.
<b>Enterprise</b>	Based on projections of actual participation.	Purchase orders are liquidated at year end. The balance of revenues over expenditures will carryforward to the next fiscal year or roll to retained earnings. Once an enterprise program ends, the carryover expires at the end of the subsequent fiscal year.

# Fiscal Accountability

---

## FINANCIAL REPORTING RECOGNITION

WCPSS has an annual external financial audit. We received an unmodified audit opinion for fiscal year ending June 30, 2024. An unmodified audit indicates that, in the auditor's opinion, the financial statements present fairly, in all material respects, our financial position in conformity with accounting principles generally accepted in the United States of America.

The school district's external auditors conducted their audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

*Each year, we have received the Certificate of Excellence in Financial Reporting from the Association of School Business Officials and the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association.*

## FISCAL ACCOUNTABILITY

WCPSS has undertaken comprehensive efforts in continuing to expand fiscal accountability. The chief business officer has a Master of Business Administration (MBA) and more than 20 years of for-profit business experience. The chief business officer, working in conjunction with the finance officer, senior budget director, and others, has focused on implementation of fraud detection and prevention systems, budget management training for staff, negotiations of sole source contracts, enhancements to fiscal transparency, and improvements in financial reporting.

Fraud experts cite setting of the proper tone at the top as one of the most effective methods of fraud prevention. The superintendent, chief business officer, and other members of senior management promote a strong clear tone of integrity, ethical values, and adherence to system policy and practice throughout the fiscal year. The district has deployed an Audit Command Language (ACL) software system recommended by the Summerford Accountancy Fraud Vulnerability Audit. Internal Audit and Finance staff use the system in both a proactive and investigatory manner. The superintendent, chief business officer, and finance officer review Internal Audit reports on a monthly basis to confirm findings are not extraordinary.

Finance staff also utilize the reports as input into internal training needs. The Internal Audit Department uses a risk-based internal audit plan to ensure it deploys resources in a strategic manner.

WCPSS has a **fraud hotline** for anonymous reports of suspected fraud, theft, or abuse of taxpayer funds. That number is **1-866-674-4872**.

Annually, the superintendent sends out a letter to all employees emphasizing their responsibility in fiscal accountability. All budget managers participate in financial reviews with Finance and Budget staff to focus on utilization of existing funding. Purchasing assigns consecutive purchase order numbers, and they monitor reports on all vendors and invoices to identify any discrepancies. The Accounting Department uses positive pay which prevents fraudulent checks from clearing against the district's bank accounts and provides protection against altered or counterfeit checks.

Fiscal accountability extends beyond the scope of ensuring adherence to policies and practices. Effective use of available budgets is critical. The district challenges staff to fully negotiate sole source contracts through the contract routing process.

Budget managers submit written funding requests providing documentation and justification to increase or decrease funding.

The emphasis on fiscal accountability by WCPSS serves to further strengthen our system, and it is an ongoing process that must be continued with a strategic approach and a clear strong tone of integrity from the top.

# Fiscal Accountability

---

## **BUDGET MANAGER CERTIFICATION TRAINING**

Budget manager certification training is a requirement to become a budget manager. The training includes the following areas:

- Accounting – reporting, fixed assets, grants, and fraud awareness;
- Budget – process, allotments, and conversions;
- Compensation Services – Fair Labor Standards Act (FLSA), time sheets, and benefits;
- Finance – contracts and conflicts of interest;
- Purchasing – procurement cards, warehouse, and purchasing law; and
- Risk Management – liability and workers' compensation.

Candidates for budget manager status must pass a test at the end of the training as a measure to ensure they are prepared to legally manage school system funds. Existing budget managers recertify periodically with a refresher course.

## **AUDIT COMMITTEE**

The district established an independent audit committee as part of a continuing effort to expand fiscal accountability and increase transparency within the Wake County Public School System. The duties and responsibilities of the audit committee are to make recommendations to the board of education on the hiring of the external audit firm; review the audit, financial reports, and audit findings; review the recommendations and the management responses in the audit report, as well as review the status of any management corrective actions; provide a communications link between the external auditor, the board of education, and the superintendent; and submit periodic reports through the committee chair, to the board, and the superintendent.

The committee membership includes certified public accountants, attorneys, and others from the business community. As independent professionals with pertinent experience, the independent audit committee serves as an additional internal control in its oversight and review of the external financial audit. The committee also serves to increase the public trust of the board.

# Budget Administration & Management Process

---

Budget administration and management is the process of monitoring expenditures during the fiscal year to ensure they are within authorized amounts and are used for intended, proper, and legal purposes. The management of the budget is accomplished in a variety of ways:

- Reconciling budget transactions on an ongoing basis;
- Reviewing expenditure patterns;
- Tracking revenue receipts;
- Monitoring projected financial status at year end;
- Reconciling exception reports; and
- Reporting to the Wake County Board of Education and the public on fiscal operations.

During the preparation of the budget, the document itself serves as the vehicle for planning and resource allocation decisions. After the board adopts the budget, it then becomes the major fiscal management tool for administering and controlling expenditures.

## CHART OF ACCOUNTS

North Carolina General Statutes require a uniform accounting system for all school systems in North Carolina. The North Carolina Department of Public Instruction (NCDPI) maintains the State Chart of Accounts for all school systems to follow in order to provide the legislature, general public, and other agencies with a consistent guideline of how funds are used by groups obtaining public funds. The State Chart of Accounts can be found on NCDPI's website at <https://www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/school-district-finance-operations/chart-accounts>.

Budget codes are used to provide details for each expenditure and source of revenue. There are seven components to a budget code each answering a different question about a transaction. The first four components (fund, purpose, program, and object) and the cost center are governed by NCDPI. WCPSS defines the level code, and the last component is reserved for future use.

## EXPENDITURE APPROVALS

There is one cost center for each school, and there are cost centers for central services divisions. Budget managers are responsible for the management of fiscal resources approved by the board for each of the cost centers. In areas of central monitoring of positions, the chief business officer is the budget manager. Thus, a budget manager is accountable for the proper expenditure of funds for every expenditure appropriation in the budget.

Each budget manager approves the expenditure of funds within their respective cost centers in accordance with purchasing procedures and legal requirements. Primary budget managers must sign budget transfer requests and budget amendments.

Primary Budget Managers	Secondary Budget Managers
Approve budget transactions and spending	Approve spending
Superintendents, Senior Directors, Directors, Principals, Systems Integrator	Senior Administrators, Administrators, Assistant Principals

All budget managers are responsible for assuring and maintaining the accuracy of account coding, spending funds appropriately, and adhering to timelines for recording and expending funds. Budget managers must complete budget manager certification training before signature authority is established. They may also take classes that provide instructions for entering data directly into the computer system, as well as how to navigate the financial system to inquire on accounts.

Central services staff coordinate the overall spending and revenue plans to maintain total expenditures within available revenues. District-level coordination is also exercised over position control of months of employment in areas such as classroom teachers, instructional support, and non-instructional support.

# Budget Administration & Management Process

---

## **ENCUMBRANCE CONTROL**

Encumbrances reserve an appropriation for obligations in the form of purchase orders. The financial system, therefore, recognizes actual expenditures as well as those that are planned or anticipated. This prevents inadvertent overspending of the budget.

Outstanding encumbrances at the end of the year do not constitute expenditures and are either charged to an appropriation in the following year or the contractual commitment is canceled. The encumbrances are reported as reservations of fund balance since the commitments will be fulfilled through subsequent years' budget appropriations.

## **AMENDMENTS**

Primary budget managers submit budget amendments when new funds need to be added to the budget or if funds need to be removed from the budget. The board of education must approve revenues not included in the adopted budget in accordance with criteria in the budget resolution. Amendments must be reported to the board of education monthly.

## **TRANSFERS**

The budget is a spending plan based upon a series of assumptions. Rarely will all of the actual expenditures equal the detailed budget estimates as adopted. Budget transfers to realign financial resources will occur as circumstances or variables change during the year. Certain transfers, such as transfers between funds, require approval from the board of education. All transfers are reported to the board of education monthly.

## **FUNDS CHECKING**

The Oracle Financial System monitors available funds at the account level. Available balances must exist in non-personnel accounts at the account code level before spending can occur.

## **MANAGEMENT INFORMATION AND REPORTING**

The Wake County Public School System uses the Oracle Financial System to manage human and financial resources. Oracle has an interactive, online budgetary control system that provides real-time data on individual accounts. The system includes a general ledger, payroll, and voucher system that provides detailed historical transactions. Budget managers can submit a request for summary and detail reports for their area of responsibility at any time.

The district prepares an Annual Comprehensive Financial Report (ACFR) to report the results of operations. The ACFR includes such reports as a combined balance sheet for all fund types and a combined statement of revenues, expenditures, and changes in fund balances for all governmental funds.

# Fund Balance

---

**Fund Balance** is the excess of actual revenues over actual expenditures. This can be a combination of collections/ revenues being higher than budget and actual expenditures being lower than budget. Fund balance in the governmental fund financial statements is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent. The governmental fund types classify fund balance as follows:

**Nonspendable fund balance** – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

- » Inventories – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.
- » Assets held for resale – portion of fund balance that is not an available resource because it represents the year-end balance of assets held for resale, which are not spendable resources.

**Restricted fund balance** – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

- » Restricted for stabilization by state statute – portion of fund balance that is restricted by State Statute [G.S. 115C-425(a)].
- » Restricted for school capital outlay – portion of fund balance that can only be used for school capital outlay [G.S. 159-18 through 22].
- » Restricted for individual schools – revenue sources restricted for expenditures for the various clubs and organizations, athletic events, and various fundraising activities for which they were collected.
- » Restricted contributions – revenue sources that are restricted by the contributor for specific purposes.

**Committed fund balance** – portion of fund balance that can only be used for a specific purpose imposed by majority vote by quorum of board of education's governing body (highest level of decision-making authority), and in certain instances, approval by the county's governing body is also required. Any changes or removal of a specific purpose requires a majority action by the governing bodies that approved the original action.

**Assigned fund balance** – portion of fund balance that the Wake County Board of Education intends to use for specific purposes.

- » Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.
- » Insurance – portion of fund balance that is assigned for claims in the self-insured workers' compensation and dental plans and for excess claims. Balances are assigned by management and approved by the board.
- » Special projects – portion of fund balance that is assigned for special projects that continue into the next fiscal year. Balances are assigned by management and approved by the board.
- » Flexible benefits – portion of fund balance that is assigned from prior year's forfeitures in order to offset potential losses in future years. Balances are assigned by management and approved by the board.

**Unassigned fund balance** – portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

Board of Education Policy 8101 provides guidelines for the amount of undesignated operating fund balance that can be accumulated and also guides the amount that can be used towards funding a future year's budget.

Board Policy 8101 directs that unassigned fund balance be maintained at no more than 6 percent of a subsequent year's county appropriation and amounts in excess of that threshold be returned to the county. The unassigned fund balance as of June 30, 2024, is \$39.3 million which represents 6 percent of the 2024-25 county appropriation.

# Fund Balance

## Policy 8101 Undesignated Operating Fund Balance

As the recipient of Wake County funds allocated for use in local public education, the Wake County Board of Education has the responsibility to use these funds efficiently and wisely. The board of education maintains an Undesignated Operating Fund Balance to address emergency funding needs and other generally one-time costs not included in the annual budget. In addition, the board of education may use Undesignated Operating Fund Balance as a funding source for the annual budget. Any use of the Undesignated Operating Fund Balance requires action by the board in a public meeting. Management of the Undesignated Operating Fund Balance is one component of effectively managing Wake County appropriated funds.

As a good business practice, the board of education sets the following limits on the Undesignated Operating Fund Balance:

- The board targets maintenance of an Undesignated Operating Fund Balance no greater than 6 percent of the subsequent year's county appropriation.
- The board will return to Wake County any Undesignated Operating Fund Balance in excess of the specified 6 percent target on an annual basis.
- The board will not use more than 50 percent of its July 1 Undesignated Operating Fund Balance to provide funding to the following year's annual budget.

**Funding Requests**

# Funding Requests

---

## Introduction

The Wake County Public School System's budget process aligns resources to support the system's strategic plan. Budget managers submit funding requests to propose changes to the current year budget that are conducive to accomplishing the system's strategic objectives.

Chief officers review funding requests for their divisions and determine which requests to submit for consideration for the Superintendent's Proposed Budget. The superintendent and chief officers meet in multiple work sessions to prioritize requests across all divisions to prepare a proposed budget for the superintendent.

This section of the budget includes all funding requests included in the proposed budget. Each request shows increases or decreases recommended for the next fiscal year.

## Categories

Funding requests are organized into the following categories to indicate the reason for the budget adjustment:

- Employee Compensation
- Legislative Requirements
- New Schools and School Changes
- Student Membership Changes
- Program Continuity
- Increasing Property Costs
- Removal of Prior Year One-Time Costs
- Strategic Budget Realignment
- Changes to Grants, Donations, and Fees
- ARP Act - ESSER III
- Grants, Donations, and Fees Ending
- Capital Building Program

## Areas

Within each category, requests are grouped together in the following areas:

- Systemwide
- Schools
- Chief of Schools
- Academic Advancement
- Area Superintendent
- Academics
- Special Education
- Student Services
- Chief of Staff and Strategic Planning
- Communications
- Child Nutrition
- Transportation
- Facilities
- Maintenance and Operations
- Administrative Services
- Human Resources
- Technology

## Months of Employment

Several funding requests include an increase in Months of Employment (MOE). Different positions have different employment lengths. The chart below shows typical employment lengths for common position types. Costs for MOE include base salary, supplement (if applicable), and employer matching benefits.

Position	MOE
Principal	12.00
Assistant Principal	11.00 or 12.00
Teacher	10.00
Instructional Assistant	10.00
Bus Driver	10.00
Central Office Staff	12.00

# Employee Compensation

## State-Legislated Salary Increase

### Area

Systemwide

### Description

Proposed funding is based on an estimated state-legislated salary increase of 3 percent for all employees in 2025-26. If a legislated increase occurs, grants and enterprise funds will pay the cost for any employees on self-supporting programs. The cost in this request is for employees paid by the State Public School Fund and Local Current Expense Fund.

Average Compensation Increases Approved by the General Assembly			
	Teachers	Non-Certified Public School Personnel	Other State Employees (Not Public School Personnel)
<b>Actual</b>			
2019-20	1.2 percent	0.0 percent	2.5 percent
2020-21	1.2 percent	0.0 percent	2.5 percent
2021-22	2.5 percent	2.5 percent \$13/hour minimum	2.5 percent
2022-23	4.2 percent	4.0 percent \$15/hour minimum	3.5 percent
2023-24	4.0 percent	4.0 percent	4.0 percent
2024-25	3.0 percent	3.0 percent	3.0 percent
<b>Proposed</b>			
2025-26	3.0 percent	3.0 percent	3.0 percent

### Strategic Objective

Operational Effectiveness

### Budget Adjustments

Description	MOE	State	Local	Total
Salary Increase		\$ 34,734,411	\$ 7,966,205	\$ 42,700,616
<b>Total</b>	<b>-</b>	<b>\$ 34,734,411</b>	<b>\$ 7,966,205</b>	<b>\$ 42,700,616</b>

# Employee Compensation

## Local Master's Pay for Teacher Hires

**Area** Systemwide

**Description** In 2013, the General Assembly eliminated state-funded pay for master's and advanced degrees for teachers who began their degree programs after that year.

In 2022-23, the Wake County school board reinstated the advanced degree pay for teachers and other certified personnel using local funds.

**Proposed Funding** WCPSS continues to hire teachers with locally funded master's and advanced pay. This request is for additional funds to pay for newly hired teachers with master's and advanced degrees.

**Strategic Objectives** Operational Effectiveness and Student Knowledge and Skills

**Budget Adjustments**

Description	MOE	Local
Master's Pay		\$ 2,751,495
Total	-	\$ 2,751,495

# Employee Compensation

## Locally Funded Salary Supplement Increase

**Area** Systemwide

**Description** The locally funded salary supplement for certified staff changed from a percentage of the base salary to a flat dollar amount in 2018-19. The proposal for 2025-26 is to increase the traditional calendar salary supplement tables by 1.5 percent.

Increase by Year	
2019-20	1.0 percent
2020-21	-
2021-22	2.5 percent
2022-23	4.0 percent
2023-24	5.5 percent
2024-25	4.0 percent
<b>Proposed</b>	
2025-26	1.5 percent

The 1.5 percent increase to the locally funded salary supplement tables includes certified staff and assistant principals.

**Proposed Funding** Additional funding needed based on the 1.5 percent increase to the locally funded salary supplement tables is \$2.8 million.

**Strategic Objective** Operational Effectiveness

Budget Adjustments	Description	MOE	Local
	Salary Supplement Increase		\$ 2,837,304
	<b>Total</b>	<b>-</b>	<b>\$ 2,837,304</b>

# Legislative Requirements

## Charter Schools

### Area Systemwide

**Description** In accordance with General Statute 115C-218.105, local current expense revenues are shared between the school district and charter schools serving students living within the county. The increase depends on student membership of WCPSS students, Wake County students attending charter schools, and total local current expense revenues. The charter schools receive a pro rata share of county appropriation in local current expense fund (not portions of capital outlay or for the Crossroads lease), fines and forfeitures, tuition and fees, and red light camera fines.

**Proposed Funding** WCPSS estimates an increase of \$7.3 million due to charter schools in 2025-26, which is a 10 percent increase. We will include charter school payments as a potential risk since actual costs could be higher based on revenues and student membership in 2025-26.

The following shows the increase in charter school students and costs:

	Charter School Membership	Local Funds Paid to Charter Schools	Increase from Previous Year			
			Charter School Membership		Cost	
<b>Actual</b>						
2021-22	15,645	\$47,394,532	630	4%	\$3,108,346	7%
2022-23	16,900	\$57,603,013	1,255	8%	\$10,208,481	22%
2023-24	17,716	\$64,447,034	816	5%	\$6,844,021	12%
2024-25	18,772	*\$74,429,481	1,056	6%	*\$9,982,447	*15%
<b>Proposed</b>						
2025-26	19,721	*\$81,697,793	949	5%	*\$7,268,312	*10%

\*Estimated

**Strategic Objective** Operational Effectiveness

### Budget Adjustments

Description	MOE	Local
Charter Schools		\$ 7,268,312
<b>Total</b>	<b>-</b>	<b>\$ 7,268,312</b>

# Legislative Requirements

## Employer Matching Rate Changes

<b>Area</b>	<b>Systemwide</b>
<b>Description</b>	<p>The legislature determines the employer contribution rates for retirement and the State Health Plan.</p> <p>In accordance with state policy, all employer salary-related contributions for full-time, permanent employees, including hospitalization benefits, shall be prorated based on the actual percentage employed in each expenditure code. A person must be a permanent employee as defined in the North Carolina Public School Benefits and Employment Policy Manual and employed for thirty or more hours per week in order for an employee to enroll in the State Retirement System and the State Health Insurance Plan.</p> <p>Therefore, if an employee is assigned to a state funding source, then the matching benefits are paid by the state. If an employee is assigned to a local funding source, then the matching benefits are paid by local sources.</p> <p>If an employee receives a state base salary from a state funding source and a local salary supplement from a local funding source, then the employer matching retirement is calculated on a pro rata basis in each fund. The funding source of an employee's base pay determines which funding source pays matching hospitalization cost.</p> <p>Self-supporting programs such as enterprise or fee-driven programs, grants, and contracts cover the employee's matching benefits in those programs. That increase is included on funding requests for those programs. It is not included in the state and local costs on this funding request.</p>
<b>Proposed Funding</b>	<p>WCPSS estimated increases in employer matching retirement rates for healthcare insurance and retirement based on average increases since 2010-11.</p> <p><b>Employer Matching Rate Increases from 2024-25 to 2025-26:</b></p> <ul style="list-style-type: none"> <li>Retirement rate increase from 24.04 percent to 25.72 percent</li> <li>Hospitalization rate increase from \$8,095 to \$8,419 per year</li> </ul>
<b>Strategic Objectives</b>	Student Knowledge and Skills and Operational Effectiveness

	Retirement Increase		\$ 13,047,619	\$ 5,923,216	\$ 18,970,835
	Hospitalization Increase		4,123,747	845,403	4,969,150
	Total	-	\$ 17,171,366	\$ 6,768,619	\$ 23,939,985

# Legislative Requirements

## Preschool Teachers and Instructional Assistants

<b>Area</b>	<b>Student Services</b>
<b>Description</b>	<p>As mandated in Part B of IDEA, each state, and therefore district, must have in effect policies and procedures to ensure that all children with disabilities are identified, located, evaluated, and served. During the 2023-24 school year, we had an increase of 10 percent in referral to our office for children suspected of having a disability and since the 2018-19 school year, the number of children found eligible for special education services has increased by 30 percent.</p> <p>According to April 2024 child count, the number of preschool students with disabilities increased by 17 percent as compared to April 2023 child count data, which accounts for an average annual increase of 12.5 percent of students served. Currently, across our elementary schools there are 90 self-contained special education programs and 96 Regular Early Childhood Programs (RECP), with the capacity to serve a total of 2,827 in classroom programs. Currently, our evaluation teams are placing approximately 130+ students a month. Due to this, as of December 1, 2024, self-contained special education preschool programs are at capacity or will likely reach capacity by the end of January 2025. In addition, based on state and Federal Indicator 6, the number of children with disabilities served in the RECP setting in WCPSS has not met the state target. The North Carolina Department of Public Instruction (NCDPI) set the target of 29.8 percent of students to be served in RECP. In WCPSS, 9.65 percent of students are served in RECP. The addition of RECP settings is required to continue to work towards this state and federal target. As noted, Preschool Programs continue to experience significant growth in the number of students being screened for Pre-K Title/NC Pre-K and becoming eligible for Special Education Services.</p>
<b>Proposed Funding</b>	<p>For the 2025-26 school year, due to an increase of students requiring specially designed instruction and due to ongoing growth data, funding for the staffing of six classrooms is being requested.</p> <p><b>Special Education and Title I Preschool Teacher and IA Months of Employment (MOE)</b></p> <ul style="list-style-type: none"> <li>• Preschool Special Education Teachers: 40 MOE</li> <li>• Preschool Special Education IA: 70 MOE (60 NC PreK, 10 IDEA)</li> <li>• Pre-K Title I Teacher 15 MOE (PRC 050)</li> <li>• Pre-K Title I IA 15 MOE (PRC 050)</li> </ul>

**Strategic Objectives** Student Knowledge and Skills and Operational Effectiveness

# New Schools and School Changes

## School Calendar Changes

<b>Area</b>	<b>Schools</b>
<b>Description</b>	The Wake County Board of Education approved calendar changes for Pine Hollow Middle and Rolesville Middle. Beginning in the 2025-26 school year, these schools will move from year-round calendars to traditional calendars.
<b>Proposed Funding</b>	Based on current funding formulas and 2024-25 allotments, there will be the following decrease in Months of Employment (MOE) for 2025-26.

Allotment Category	Pine Hollow MS	Rolesville MS
Assistant Principal	(1.00)	(1.00)
Receptionist	(2.00)	(2.00)
Counselor	(4.00)	(4.00)
School Library Media Coordinator	(2.00)	(2.00)
Instructional Facilitator	(1.00)	(1.00)
Child Nutrition Services Positions	(10.00)	(10.00)
<b>Teachers</b>		
Academically/Intellectual Gifted (AIG)	(2.00)	(1.00)
Alternative Learning Center	(2.00)	(2.00)
Intervention (Based on Tier of School)	(0.50)	(1.00)
Limited English Proficiency (LEP)	(2.00)	(2.00)
Middle School World Language	(2.00)	(2.00)
Middle School Year-Round	(12.00)	(12.00)
<b>Total Change in MOE</b>	<b>(40.50)</b>	<b>(40.00)</b>

In addition, the lead secretary and school information data manager positions will have a decrease of two steps in their salary schedule. This will impact the pay rate for the employees in these positions.

**Strategic Objective** Operational Effectiveness

Budget Adjustments	Description	MOE	Local
	Teacher	(40.50)	\$ (278,617)
	Child Nutrition Services Positions	(20.00)	(85,889)
	Counselor	(8.00)	(58,408)

	<b>Total</b>	<b>(80.50)</b>	<b>\$ (504,853)</b>

# New Schools and School Changes

## School-Based Administrators

<b>Area</b>	<b>Schools</b>
<b>Description</b>	Each school receives principal and assistant principal Months of Employment (MOE) based on current funding formulas.

<b>Funding Formula</b>	<b><u>Principal</u></b>
	Each school receives 12 MOE.

### **Assistant Principal (AP)**

AP months are allotted to schools based on the following formula:

Day 20 Student Count	Traditional/Modified/ Year-Round Operating on Track 4	Year-Round
<b>Elementary Schools</b>		
0 - 849	11 MOE	12 MOE
850 +	22 MOE	23 MOE
<b>Middle Schools</b>		
0 - 599	11 MOE	12 MOE
600 - 749	22 MOE	23 MOE
750 +	33 MOE	34 MOE
<b>High Schools</b>		
0 - 1,599	47 MOE	
1,600 - 2,099	58 MOE	
2,100 - 2,599	69 MOE	
2,600+	80 MOE	

Academies, alternative schools, early colleges, and high schools with off-site 9th grade centers receive a fixed allotment. New high schools earn MOE by grade until they have students in all four grades (12 MOE + 12 MOE + 12 MOE + 11 MOE).

<b>Proposed Funding</b>	<b>New Schools Opening in 2025-26</b>	<b>Principal</b>	<b>AP</b>
	Bowling Road ES (traditional)	12 MOE	11 MOE
	Pleasant Plains ES (year-round)	12 MOE	12 MOE
	Rex Road ES (year-round)	12 MOE	12 MOE
	Felton Grove HS (traditional)	12 MOE	24 MOE
	<b>2025-26 MOE Increase</b>	<b>48 MOE</b>	<b>59 MOE</b>

<b>Strategic Objective</b>	Student Knowledge and Skills
----------------------------	------------------------------

<b>Budget Adjustments</b>	<b>Description</b>	<b>MOE</b>	<b>State</b>	<b>Local</b>	<b>Total</b>
	Principal - State MOE	48.00	\$ 549,546	\$ 115,972	\$ 665,518
	Assistant Principal - State MOE	11.00	102,488	19,317	121,805
	Assistant Principal - Local MOE	48.00		528,324	528,324
	<b>Total</b>	<b>107.00</b>	<b>\$ 652,034</b>	<b>\$ 663,613</b>	<b>\$ 1,315,647</b>

# New Schools and School Changes

## Clerical Support

### Area Schools

**Description** Funding for schools is determined by school level, calendar, and day 20 student membership. Early colleges, academies, Crossroads Flex, and alternative schools earn a fixed allotment with no adjustment for numbers of students due to the small size of each school.

### Funding Formula

Clerical Position	Elementary	Middle	High
Lead Secretary	12 MOE	12 MOE	12 MOE
Data Manager	12 MOE	12 MOE	12 MOE
Receptionist*	10 MOE	10 MOE	
Clerical Assistant		12 MOE	30 MOE
Bookkeeper		12 MOE	12 MOE
Registrar			12 MOE
<b>Base Allotment</b>	<b>34 MOE</b>	<b>58 MOE</b>	<b>78 MOE</b>

Additional Allotments	Elementary	Middle	High
Clerical Assistant - Additional Months of Employment (MOE) Based on Student Membership	<b>≥750 Students</b> 5 for traditional/ 6 for year-round  <b>≥1,000 Students</b> 10 for traditional/ 12 for year-round	<b>≥1,100 Students</b> 5 for traditional/ 6 for year-round	<b>≥1,800 Students</b> 5 for traditional  <b>≥2,400 Students</b> 10 for traditional
*Year-round schools receive an additional 2 MOE for receptionist			

**Proposed Funding** The clerical formula requires an additional 184 MOE for four new schools opening in 2025-26. The estimated increase in the non-instructional support state allotment is \$369,253 based on the student membership projection of 162,420 and the state formula of \$335.99 per student.

- Bowling Road ES (traditional): 34 MOE
- Pleasant Plains ES (year-round): 36 MOE
- Rex Road ES (year-round): 36 MOE
- Felton Grove HS (traditional): 78 MOE

**Strategic Objectives** Student Knowledge and Skills and Operational Effectiveness

### Budget Adjustments

Description	MOE	State	Local	Total
Lead Secretary - State MOE	48.00	\$ 298,880	\$ 1,344	\$ 300,224
Data Manager - Local MOE	48.00		295,785	295,785
Receptionist - Local MOE	44.00		244,048	244,048
Clerical Assistant - Local MOE	20.00		111,829	111,829
Bookkeeper - State MOE	12.00	70,373	521	70,894
Registrar - Local MOE	12.00		66,179	66,179
<b>Total</b>	<b>184.00</b>	<b>\$ 369,253</b>	<b>\$ 719,706</b>	<b>\$ 1,088,959</b>

# New Schools and School Changes

## Instructional Supplies - New Schools

Area	Schools
<b>Description</b>	Allotments to schools are based on day 20 student membership. New schools opening receive one-half of the per pupil allotment during their first year. The building program pays for schools to open with all furniture and equipment.
<b>Funding Formula</b>	<p><b>State Formula:</b> \$31.51 per K-12 ADM + \$2.69 per ADM in grades 8 and 9 for PSAT testing</p> <p><b>Local Formula:</b> \$34.21 per Day 20 Student Membership</p> <p><b>Total Formula:</b> \$65.72 per Day 20 Student Membership</p>
<b>Proposed Funding</b>	The funding request for instructional supplies in the Student Membership Changes category is the increase to the instructional supplies allotment based on the projected student membership. This request is based on the following four new schools opening in 2025-26 receiving half of the per pupil allotment ( $\$65.72 / 2 = \$32.86$ ).

School Name	Estimated Year 1 Student Membership
Bowling Road ES	644
Pleasant Plains ES	527
Rex Road ES	471
Felton Grove HS	918
<b>Estimated Student Membership</b>	<b><u>2,560</u></b>

The instructional supplies adjustment is a decrease of \$84,122 (2,560 students \* \$32.86).

**Strategic Objective** Student Knowledge and Skills

Budget Adjustments	Description	MOE	Local
	Instructional Supplies		\$ (84,122)
	<b>Total</b>	<b>-</b>	<b>\$ (84,122)</b>

# New Schools and School Changes

## New Schools - Early Hires and Professional Learning

<b>Area</b>	<b>Schools</b>
<b>Description</b>	New schools receive funding for early hires and task assignment in the year prior to the school opening and staff development dollars in the year the school opens. There are four new schools opening in 2025-26 and one new school opening in 2026-27. Schools opening in 2026-27 receive funding for early hires and task assignment in 2025-26.
<b>Funding Formula</b>	Allotments are distributed based on the following chart. The state funds four early hire principal Months of Employment (MOE) for new schools.

	Year 1 - Prior to School Opening		Year 2 - School Opens
	Early Hires	Task Assignment *	Staff Development**
<b>Elementary</b>	6 MOE Principal 6 MOE Lead Secretary	\$31,000	\$10,000
<b>Middle</b>	6 MOE Principal 6 MOE Lead Secretary 6 MOE Data Manager	\$41,000	\$10,000
<b>High</b>	6 MOE Principal 6 MOE Lead Secretary 6 MOE Data Manager	\$42,000	\$10,000

\* Carryover until September 30 of first year school is open

\*\* Carryover until June 30 of second year school is open

### Proposed Funding

Opening in 2025-26 (Staff Development)	Opening in 2026-27 (Early Hires and Task Assignment)
Bowling Road Elementary Pleasant Plains Elementary Rex Road Elementary Felton Grove High	Hilltop Needmore Elementary

The removal of early hires and task assignment funds allotted in 2024-25 are on the One-Time Costs in 2024-25 funding request.

**Strategic Objective** Student Knowledge and Skills

### Budget Adjustments

Description	MOE	State	Local	Total
School Opening in 2026-27				
Principal - State MOE	4.00	\$ 45,795	\$ 9,664	\$ 55,459

Lead Secretary - Local MOE	6.00		37,528	37,528
Task Assignment			31,000	31,000
Schools Opening in 2025-26				
Staff Development			40,000	40,000
<b>Total</b>	<b>12.00</b>	<b>\$ 45,795</b>	<b>\$ 145,922</b>	<b>\$ 191,717</b>

# New Schools and School Changes

## Fixed Teacher Allotment for High Schools

Area	Schools
<b>Description</b>	Traditional high schools receive an additional allotment of teacher – regular classroom Months of Employment (MOE) to assist with scheduling and a fixed allotment of program enhancement teacher MOE.
<b>Funding Formula</b>	<b>Teacher - Regular Classroom MOE</b> <ul style="list-style-type: none"><li>Traditional High Schools - 18 MOE for scheduling assistance</li><li>Alternative schools, early colleges, and academies do not receive this allotment</li></ul> <b>Program Enhancement Teacher MOE</b> <ul style="list-style-type: none"><li>Traditional High Schools - 5 MOE</li><li>Non-traditional high schools with 250 students or less receive 0-3 MOE based on academic program needs</li><li>Crossroads FLEX, Longview, Phillips, and SCORE Academy do not receive this allotment</li></ul>
<b>Proposed Funding</b>	Felton Grove High School opening in 2025-26 will receive 18 Months of Employment (MOE) for teacher - regular classroom and 5 MOE for program enhancement teacher for a total of 23 MOE.
<b>Strategic Objectives</b>	Student Knowledge and Skills and Operational Effectiveness

Budget Adjustments	Description	MOE	Local
	Teacher - Regular Classroom	18.00	\$ 131,806
	Program Enhancement Teachers	5.00	36,614
	Total	23.00	\$ 168,420

# New Schools and School Changes

## Academically or Intellectually Gifted (AIG) Teacher

### Area

### Academics

### Description

AIG teachers provide direct support to AIG students via a relevant, rigorous, and innovative learning environment. AIG teachers also help foster a comprehensive learning environment by supporting regular education teachers to increase the cognitive demands of instructional tasks for students. AIG teachers provide professional development for teachers in differentiation strategies that are effective in all classrooms for all students. Currently, there are not sufficient Months of Employment (MOE) to adequately serve all AIG students and students with high achievement potential, particularly nurturing the underrepresented populations, K-12, nor enough months to support each school.

### Funding Formula

**State Formula:** Each Local Education Agency (LEA) receives \$1,519.55 per child for 4 percent of Average Daily Membership (ADM) regardless of the number of children identified as academically or intellectually gifted in the LEA. For the 2025-26 school year, the projected enrollment is 162,420 students ( $162,420 * 17\% = 27,611$  projected AIG students for 2025-26).

Projected Budget for 2025-26: \$9,872,212 ( $162,420 * 4\% * \$1,519.55$ )

Initial State Budget for 2024-25: \$9,805,413

Budget Increase: \$66,799

**WCPSS Formula:** MOE are distributed to schools based upon a formula according to annual student identification of AIG students. Approximately 17 percent of the Wake County K-12 student population is identified as academically and/or intellectually gifted.

Base allotments are determined and distributed according to the projected number of formally identified AIG students in each elementary and middle school as reported from fall headcount of the current school year. In elementary, the number of 4th graders are counted twice to adjust for projected 3rd grade identification.

Elementary school allotments are based on the following ranges and school calendar:

- 1-75 AIG students = .5 teacher position (5 MOE or 6 MOE for year-round schools)
- 76-150 AIG students = 1 teacher position (10 MOE or 12 MOE for year-round schools)
- 150+ AIG students = 1.5 teacher positions (15 MOE or 18 MOE for year-round schools)

### Proposed Funding

Proposed AIG teacher positions for new elementary schools opening in 2025-26:

- Bowling Road ES (traditional): 10 MOE
- Pleasant Plains ES (year-round): 12 MOE
- Rex Road ES (year-round): 12 MOE

### Strategic Objectives

Student Knowledge and Skills and Operational Effectiveness

### Budget Adjustments

Description	MOE	State	Local	Total
AIG Teacher - State MOE	11.00	\$ 66,799	\$ 12,874	\$ 79,673

## Athletics Program Support

### Area

### Academics

### Description

#### General Athletic Supplies

Each WCPSS middle and high school with an athletics program receives annual funding to support school-level costs, including for security and catastrophic insurance coverage for student-athletes.

Each high school receives an annual allotment of \$14,160.

#### Swim and Dive Rental Fees

For WCPSS high school swimming and diving teams to practice and compete, the district rents pool space each year as no on-site facilities are available on school campuses. With the opening of Felton Grove High School in 2025-26, there will be a total of 26 schools with a swimming and diving team.

The average annual rental cost per school is \$8,360.

#### Ice Machine Maintenance

Each WCPSS middle and high school with an athletics program receives annual funding to support school-level costs for the maintenance and upkeep of ice machines.

Each high school receives an annual allotment of \$1,400.

#### Field Marking Paint

Each WCPSS middle and high school with an athletics program receives annual funding to support school-level costs for the purchase of field marking paint at the beginning of the fall sports season.

Each high school receives an annual allotment of \$1,780.

### Proposed Funding

Felton Grove High opening in 2025-26 will receive the following:

General Athletic Supplies	\$ 14,160
Swim and Dive Rental Fees	\$ 8,360
Ice Machine Maintenance	\$ 1,400
Field Marking Paint	\$ 1,780
<b>Total</b>	<b>\$ 25,700</b>

### Strategic Objectives

Operational Effectiveness and Student Dispositions and Well-Being

### Budget Adjustments

# New Schools and School Changes

Career Technical Education (CTE) - Months of Employment																			
Area	Academics																		
Description	<p>State CTE Months of Employment (MOE) are used for employing personnel in a local school administrative unit to provide instructional services in Grades 6-12 for CTE programs identified as: Agriculture, Business, Finance and Marketing, Career Development, Family and Consumer Sciences, Health Science, Computer Science and Information Technology, and Trade, Technology, Engineering and Industrial Education, Career Development Coordination, Curriculum and Instructional Management, and Special Populations Coordination.</p> <p>Local school administrative units must develop a local plan for CTE which meets the career needs of students. The North Carolina Department of Public Instruction (NCDPI) must approve the plan. Personnel employed must be licensed in the CTE area in which they are teaching and/or assigned. Currently employed, tenured staff must be placed before new staff is hired.</p>																		
Funding Formula	<p><b>State Formula:</b> NCDPI allots 50 MOE as a base to each local education agency with the remainder distributed based on Average Daily Membership (ADM) in grades 8-12.</p> <p>NCDPI allows transfers of CTE MOE to non-CTE budget codes up to the amount of increase in allotment.</p> <p><b>Wake County Public School System (WCPSS) Formula:</b> MOE are allotted to schools based on school enrollment, CTE course enrollment, and the feasibility to accommodate new programs.</p>																		
Proposed Funding	<p>WCPSS estimates an additional 202 CTE MOE will be needed in 2025-26 based on current allotment formulas, a new high school opening, and school calendar changes.</p> <p>Felton Grove High will open in 2025-26 with the following CTE positions:</p> <ul style="list-style-type: none"><li>• CTE Teachers - 92 MOE</li><li>• Career Development Coordinator - 10 MOE</li><li>• Curriculum and Instructional Management Coordinator - 10 MOE</li></ul> <p>WCPSS transferred \$624,531 or 79 MOE from CTE months of employment lapsed salaries to CTE program support funds in 2024-25. Staff does not anticipate a transfer from CTE MOE to program support funds in 2025-26. Lapsed salaries will be used to fund additional CTE MOE in 2025-26. A local increase is needed to cover supplementary pay and dental costs.</p>

## High School Intervention Coordinator

Area	Academics															
Description	High school intervention coordinators support teachers working with students needing supplemental and intensive support around academics, attendance, and behavior. The intervention coordinator supports the development and monitoring of supplemental or intensive plans. Intervention coordinators will work in conjunction with other school-based staff to develop strategies to improve the high school graduation rate, using objective recovery to prevent course failure, and the use of credit recovery. The intervention coordinator leads the work of the Intervention team.															
Funding Formula	5 Months of Employment (MOE) for each comprehensive high school 2.5 MOE for academies, early colleges, and alternative schools															
Proposed Funding	Felton Grove High opening in 2025-26 will receive 5 MOE.  The estimated increase in the At-Risk Student Services state allotment will fund the intervention coordinator.															
Strategic Objectives	Student Dispositions and Well-Being and Student Knowledge and Skills															
Budget Adjustments	<table><tr><th>Description</th><th>MOE</th><th>State</th><th>Local</th><th>Total</th></tr><tr><td>HS Intervention Coordinator</td><td>5.00</td><td>\$ 31,551</td><td>\$ 5,063</td><td>\$ 36,614</td></tr><tr><td>Total</td><td>5.00</td><td>\$ 31,551</td><td>\$ 5,063</td><td>\$ 36,614</td></tr></table>	Description	MOE	State	Local	Total	HS Intervention Coordinator	5.00	\$ 31,551	\$ 5,063	\$ 36,614	Total	5.00	\$ 31,551	\$ 5,063	\$ 36,614

## Instrument Repair and Production Expenses

<b>Area</b>	<b>Academics</b>
<b>Description</b>	WCPSS allots instrument repair and production expense funds to middle and high schools. Alternative schools, early colleges, and Crossroads Flex do not receive this funding.
<b>Funding Formula</b>	<p>The instrument repair budget allocates funds for the maintenance of school-owned instruments in middle and high schools, with each school receiving \$1,000 annually. Newly opened schools are provided a partial allocation of \$750 during their first year.</p> <p>High schools are allocated \$5,000 and middle schools receive \$2,500 annually for production expenses to support collaborative after-school arts productions, such as musicals.</p>
<b>Proposed Funding</b>	This request is to allot Felton Grove High School \$750 for instrument repair and \$5,000 for production expenses.
<b>Strategic Objectives</b>	Student Knowledge and Skills and Student Dispositions and Well-Being

## Literacy Coaches

<b>Area</b>	<b>Academics</b>
<b>Description</b>	<p>The focus of this position is to support classroom teachers' core literacy instruction (Tier I). Literacy coaches partner with the administrative team to provide guidance and support in building a collaborative school culture around the core literacy curriculum and the implementation of its components to ensure a high-quality instructional experience for all students. This position concentrates on ensuring the core curriculum is implemented with fidelity in the core area of English Language Arts (ELA) and ensures an alignment to the Multi-Tiered System of Supports (MTSS) framework by working corroboratively with staff that support Tier II and Tier III.</p> <p>This position provides job-embedded professional learning for K-2 teachers (50 percent position) and 3-5 teachers (100 percent position) to improve the quality of classroom instruction and instructional practices for all students resulting in increased student achievement and reduction in disproportionality of special education referrals of African American males. The goal of reducing disproportionality of African American males in special education services is the cornerstone of this position.</p>
<b>Funding Formula</b>	All elementary schools have at least a 50 percent literacy coach to support K-2 teachers. Some schools have a full-time literacy coach that will support 3rd-5th grade teachers the other 50 percent of the day.
<b>Proposed Funding</b>	<p>Three elementary schools opening in 2025-26 will receive literacy coach Months of Employment (MOE):</p> <ul style="list-style-type: none"><li>• Bowling Road ES (traditional): 5 MOE</li><li>• Pleasant Plains ES (year-round): 6 MOE</li><li>• Rex Road ES (year-round): 6 MOE</li></ul>

## School Library Media Coordinators

### Area

### Academics

### Description

The library media program creates a foundation for lifelong learning by enabling students and school staff to be effective readers and users of information. The program is designed to complement and enhance the educational philosophy, goals, and objectives of the school and the district by:

- Providing intellectual and physical access to materials in all formats;
- Providing instruction to develop competence and stimulate interest in reading, viewing, and using information and ideas; and
- Working in collaboration with other teachers to design learning strategies to meet the needs of individual students.

### Funding Formula

**WCPSS Formula:** School library media coordinators are allotted on final Average Daily Membership (ADM).

#### Elementary and Middle Schools:

Traditional/Modified Calendar	
Number of Students	MOE
Up to 1,100	10
1,100-1,600	15
Above 1,600	20

Year-Round Calendar*	
Number of Students	MOE
Up to 1,400	12
1,400-1,800	18
Above 1,800	24

#### High Schools:

Number of Students	MOE
Up to 2,200	20
Above 2,200	25

Academies, alternative schools, and early colleges may receive an allotment not based on formula.

### Proposed Funding

Four new schools opening in 2025-26 will receive 54 Months of Employment (MOE) based on the funding formula:

- Bowling Road ES (traditional): 10 MOE
- Pleasant Plains ES (year-round): 12 MOE
- Rex Road ES (year-round): 12 MOE
- Felton Grove HS (traditional): 20 MOE

WCPSS estimates an increase in the Instructional Support Personnel - Certified state allotment.

### Strategic Objectives

Student Knowledge and Skills and Student Dispositions and Well-Being

### Budget Adjustments

Description	MOE	State	Local	Total
Media Coordinators - State MOE	20.00	\$ 126,201	\$ 20,251	\$ 146,452
Media Coordinators - Local MOE	34.00		245,466	245,466
<b>Total</b>	<b>54.00</b>	<b>\$ 126,201</b>	<b>\$ 265,717</b>	<b>\$ 391,918</b>

# New Schools and School Changes

## Special Education Teachers and Instructional Assistants

**Area** Special Education

### Description

#### Cross Categorical Resource (CCR) Services:

Based on the opening of Bowling Road, Pleasant Plains and Rex Road Elementary Schools and Felton Grove High School and considering the projected enrollment of students for the 2025-26 school year, WCPSS will need four additional special education teachers and two instructional assistant to support the students with Individualized Education Programs (IEPs) participating in general education classrooms.

#### Specialized/Regional Programs:

WCPSS is committed to providing special education and related services to students requiring services within a specialized/regional program either in the students' base school as specified by student assignment or as close to their base school as possible. Based on the projected number of students for the 2025-26 school year requiring a specialized/regional program assigned or in close proximity to Bowling Road, Pleasant Plains and Rex Road Elementary Schools and Felton Grove High School, WCPSS will need five additional special education teachers and nine instructional assistants to provide the specialized programming identified in the students' Individualized Education Programs (IEPs) and supporting students on job sites.

### Proposed Funding

#### CCR Services:

- Teachers – 44 Months of Employment (MOE) (10 MOE \* 2 + 12 MOE \* 2)
- Instructional Assistants – 22 MOE (10 MOE \* 1 + 12 MOE \* 1)

#### Specialized/Regional Programs:

- Teachers – 50 MOE (10 MOE x 5)
- Instructional Assistants – 90 MOE (10 MOE x 9)

**Strategic Objectives** Student Knowledge and Skills and Student Dispositions and Well-Being

### Budget Adjustments

Description	MOE	State	Local	Total
CCR Teachers	44.00	\$ 274,277	\$ 46,235	\$ 320,512

Specialized/Regional IAs	90.00	478,361	3,024	481,385
<b>Total</b>	<b>206.00</b>	<b>\$ 1,183,391</b>	<b>\$ 102,626</b>	<b>\$ 1,286,017</b>

# New Schools and School Changes

## Speech-Language Pathologists

**Area** Special Education

**Description** Based on the opening of four new schools and the projected enrollment of students for the 2025-26 school year, WCPSS will need additional Speech-Language Pathologists to support students with speech as a related service.

In addition, current program needs exceed the capacity of a single lead SLP. A Central Services-based SLP is needed to help meet the demands of growing caseloads, expanding staff, and new schools in the district. One additional 12-month SLP is needed to work under the lead SLP to share administrative responsibilities.

**Proposed Funding** This request is for 49 Months of Employment (MOE) for speech-language pathologists to support the following schools opening in 2025-26 and central services.

- Central Services 12 MOE
- Bowling Road ES (traditional): 10 MOE
- Pleasant Plains ES (year-round): 11 MOE
- Rex Road ES (year-round): 11 MOE
- Felton Grove HS (traditional): 5 MOE

**Strategic Objectives** Student Knowledge and Skills and Student Dispositions and Well-Being

**Budget Adjustments**

Description	MOE	Local
Speech-Language Pathologist	49.00	\$ 441,528
<b>Total</b>	<b>49.00</b>	<b>\$ 441,528</b>

## School Counselors

<b>Area</b>	<b>Student Services</b>
<b>Description</b>	WCPSS school counselors provide a comprehensive school counseling program to improve student achievement, attendance, and behavior. Each program provides academic, career and personal/social development activities for students aligned with school and district goals.
<b>Funding Formula</b>	<b>WCPSS Formula:</b> The distribution process for Months of Employment (MOE) is based on projected enrollment using the following guidelines.

### Elementary Schools

Traditional/Modified Calendar		Year-Round Calendar*	
Number of Students	MOE	Number of Students	MOE
1 - 500	10	1 -575	12
Over 500	20	Over 575	22

### Middle Schools

Traditional/Modified Calendar		Year-Round Calendar*	
Number of Students	MOE	Number of Students	MOE
1 - 425	10	1 - 500	12
426 - 775	20	501 - 910	22
776 - 1,225	30	911 - 1,440	34
1,226+	40	1,441+	42

\*Year-round allocation is based on 85 percent of the student planning allotment for traditional/modified/year-round operating on track 4 calendar schools.

### High Schools

Number of Students	MOE
1 - 1,875	10 per grade level 12 additional MOE for Dean of Student Services
1,876 - 2,325	10 additional MOE
2,326 - 2,775	10 additional MOE
2,776+	10 additional MOE

**Proposed Funding** This request is for 86 school counselor MOE for four new schools opening in 2025-26.

- Bowling Road ES (traditional): 20 MOE
- Pleasant Plains ES (year-round): 22 MOE
- Rex Road ES (year-round): 12 MOE
- Felton Grove HS (traditional): 32 MOE

**Strategic Objectives** Student Knowledge and Skills and Student Dispositions and Well-Being

School Counselors - Local MOE	66.00		578,195	578,195
<b>Total</b>	<b>86.00</b>	<b>\$ 151,515</b>	<b>\$ 603,482</b>	<b>\$ 754,997</b>

# New Schools and School Changes

## School Psychologists

<b>Area</b>	<b>Student Services</b>
<b>Description</b>	School psychologists are mandatory members of each school's instructional leadership team, intervention team, Individualized Education Program (IEP) team and support federal regulations with special education evaluations. Comprehensive services from a school psychologist would include direct behavior/social-emotional/academic interventions with groups (Tier 2) and individual (Tier 3) students as well as direct consultations with teachers and families.
<b>Funding Formula</b>	<p>The National Association of School Psychologists (NASP) recommends a ratio of one school psychologist to every 500 students to allow for a comprehensive model of service delivery. School assignments for WCPSS school psychologists are based on an acuity model built on equitable school assignments so that a school psychologist can deliver comprehensive services, aligned with the new job description, on a part-time basis to each of the two schools to which they are assigned. Data used to calculate acuity scores for each school include the following:</p> <ul style="list-style-type: none"> <li>• School Need (Limited English Proficiency (LEP) percentage, Exceptional Children (EC) percentage, Title I, number of special programs in schools, Free/Reduced Lunch);</li> <li>• Psychologist to School Population Ratio (annual daily membership);</li> <li>• Referral loads (three-year trends in total evaluation/referrals, mid-year evaluation totals for 2017-18);</li> <li>• School Multi-Tiered Systems of Support (MTSS) structures (percent parent referrals, percent hit rate, percent referrals from intervention team).</li> </ul>
<b>Proposed Funding</b>	This request is for 22 Months of Employment (MOE) to support four new schools opening in 2025-26.
<b>Strategic Objective</b>	Student Dispositions and Well-Being

### Budget Adjustments

Description	MOE	Local

# New Schools and School Changes

## Camera Equipment and GPS Units

<b>Area</b>	<b>Transportation</b>
<b>Description</b>	The NC Department of Public Instruction (NCDPI) will replace 50 yellow buses that have met the state replacement criteria. The replacement buses do not come equipped with interior bus cameras. Bus cameras provide safety and support to students and bus drivers. All active WCPSS yellow buses are equipped with cameras. Additionally, these new buses will require new GPS units. The cost of the camera equipment will be a one-time cost, whereas the cost for the GPS units will be a recurring cost. Funding is being requested as per below:
<b>Proposed Funding</b>	Camera Equipment (one-time cost): \$2,500 per camera. $\$2,500 * 50 = \$125,000$ .  GPS Units (recurring cost): \$785.04/year per unit. $\$785.04 * 50 = \$39,252$ .
<b>Strategic Objective</b>	Operational Effectiveness

Budget Adjustments	Description	MOE	Local
	Camera Equipment (one-time cost)		\$ 125,000
	GPS Units		39,252
	Total	-	\$ 164,252

## Annual Uplift Fees Associated with Ongoing Renewals

<b>Area</b>	<b>Technology</b>
<b>Description</b>	<p>Technology Services oversees the E-rate program, which provides funding for Category 1 services such as broadband, network equipment, and other telecommunications needs. As part of this program, we have traditionally used BEAR (Billed Entity Applicant Reimbursement) billing to reimburse eligible costs. With the switch to SPI (Service Provided Invoicing) billing, reimbursements are handled directly between service providers and the E-rate program, leading to changes in cash flow and increased complexity in securing funding for services rendered.</p> <p>As a result, we are currently facing uncovered expenditures that are critical to maintaining the required technology infrastructure. Additionally, the district will be adding four new school sites in the upcoming school year, further increasing our Category 1 service needs.</p>
<b>Proposed Funding</b>	<p>To bridge the gap and ensure uninterrupted service, we are requesting an additional \$14,160 to cover these unforeseen expenditures. This funding will enable us to maintain connectivity and ensure that all our sites, including the new schools, are fully supported with the necessary technological infrastructure.</p>
<b>Strategic Objective</b>	Operational Effectiveness

<b>Budget Adjustments</b>	Description	MOE	Local
	Telecommunications Services		\$ 14,160
	<b>Total</b>	<b>-</b>	<b>\$ 14,160</b>

## Career Technical Education (CTE) - Program Support Funds

<b>Area</b>	<b>Academics</b>						
<b>Description</b>	<p>The purpose of these funds is to provide support for CTE program services and activities. These funds shall be used for instructional salaries, instructional support, and clerical personnel assisting Public School Units (PSUs) in the expansion, improvement, modernization, and development of quality CTE programs in grades 6-12 (General Statute 115C-156).</p> <p>These funds are not to supplant but are allocated in addition to regular instructional supplies which schools allocate to all teachers.</p> <p>Funding is based on approval of the local application by the Department of Public Instruction. The application must be approved prior to the PSU receiving the allotment. Also, funding is contingent annually on available funding from the state.</p>						
<b>Funding Formula</b>	<p><b>State Formula:</b> CTE Program Support revenues are anticipated to decrease slightly from funding in 2024-25. Student enrollments in grades 8-12 are projected at 66,469 (<math>66,469 * \\$40 + \\$10,000 = \\$2,668,760</math>). The allotment for 2024-25 was \$2,684,431.</p> <p><b>Wake County Public School System Formula:</b> Allocation to schools is based on CTE course enrollment.</p>						
<b>Proposed Funding</b>	<table> <tr> <td>2025-26 Estimated State Allotment</td><td>\$ 2,668,760</td></tr> <tr> <td>Less 2024-25 State Allotment</td><td>2,684,431</td></tr> <tr> <td><b>2025-26 Allotment Decrease</b></td><td><b><u>\$ (15,671)</u></b></td></tr> </table> <p>WCPSS transferred \$624,531 from CTE months of employment lapsed salaries to program support funds in 2024-25. Staff does not anticipate a transfer from CTE months of employment to program support funds in 2025-26. This adjustment reverses the transfer for 2025-26.</p>	2025-26 Estimated State Allotment	\$ 2,668,760	Less 2024-25 State Allotment	2,684,431	<b>2025-26 Allotment Decrease</b>	<b><u>\$ (15,671)</u></b>

## Driver Education State Funding

<b>Area</b>	<b>Academics</b>
<b>Description</b>	<p>The North Carolina Division of Motor Vehicles (NCDMV) requires 30 hours of classroom instruction and six hours of Behind the Wheel training to complete the driver education class. The average time to complete the driver education class from registration through the classroom and driving phases is four months. Due to a staffing shortage created by COVID, there is a backlog and an average completion time of six to seven months. Students wanting their permits by age 15 must register on or before the age of 14 years and six months. Students with extracurricular activities or jobs may take longer due to conflicts with scheduling driver education.</p> <p>Driver education is available for all Wake County resident students between the ages of 14.5 and 18, including public school, private school, charter school, and licensed home school students.</p>
<b>Funding Formula</b>	The state allotment is currently \$209.48 per student. The state level of funding is assumed to remain at \$209.48 per 9th grade Average Daily Membership (ADM) (includes private, charter, federal, and home schools).
<b>Proposed Funding</b>	WCPSS expects a decrease in the overall allocation due to a projected ADM decrease. Based on projected 9th grade ADM (14,577 public school students) and the 2,165 private, charter, federal, and home school students, staff estimates funding to be 16,742 students * \$209.48 = \$3,507,114.

### State Funding

Projected 2025-26 Budget:	\$ 3,507,114

## Limited English Proficiency (LEP) Teachers

### Area

### Academics

### Description

English Learner (EL) identification (and eligibility) is determined through the North Carolina initial screener and/or annual assessment of English language proficiency. State LEP funds are allocated based upon the number of EL students enrolled through October 1 of the preceding school year.

The ratio of LEP teacher to EL student is 1:80, though school allotments are based upon increments of 5 or 6 Months of Employment (MOE) when possible, resulting in the ratio of LEP teacher to EL student as high as 1:110. The recent October 1, 2024, EL headcount of 21,784 shows an increase of 2,437 EL students, representing 12 percent of the projected student population.

Increased need for LEP teachers is due to increasing numbers of EL students, increased overall percentage of EL students of school populations, and new schools opening every year. In order to maintain a 1:80 average ratio, the number of MOE must increase.

### Funding Formula

The North Carolina Department of Public Instruction (NCDPI) allocates funding as follows: base salary of an instructional assistant (\$46,272); remainder based 50 percent on the number of funded LEP students (\$554.89) and 50 percent of a PSU's concentration of LEP students (\$3,410.83). Funding factors change every year based on the total funds available and the total statewide count of LEP students.

Instructional Assistant Base	\$	46,272
LEP 50% (21,784 * \$554.89)	\$	12,087,724
LEP 50% concentration (1,668 * \$3,410.83)	\$	5,689,264
<b>Total Projected 2025-26 Budget</b>	<b>\$</b>	<b>17,823,260</b>

Due to the increase in LEP student numbers, the district projects an increase of \$1,607,477 or 255 MOE.

### Proposed Funding

State Funding	Amount
LEP Projected 2025-26 Budget	\$ 17,823,260
Less LEP 2024-25 Budget	16,215,783
<b>2025-26 Projected Increase</b>	<b>\$ 1,607,477</b>

## Assistive Technology

### Area

### Special Education

### Description

Assistive Technology Specialists (ATS) in WCPSS provide a variety of critical services and support to students who require technology to access and engage in instruction. Assistive technology devices such as tablets, communication devices, specialized software, and other equipment are used to support students who struggle to communicate, read, write, and access the computer. Staff training, consultation, and support are essential to the ongoing management of Individualized Education Program (IEP)-based student needs.

#### Critical ATS Services and Supports Include:

- Conduct assistive technology evaluations for special education and 504 referrals
- Recommend assistive technology systems, provide AT equipment/device trials, establish AT implementation plans
- Program, customize, maintain, and troubleshoot AT equipment and systems
- Provide training and ongoing support to school staff and students with various assistive technology needs
- Provide consultation, training, and demonstration for teachers throughout the district
- Support the implementation of the Read&Write for Google Chrome extension for over 16,000 students with IEPs accessing the general curriculum which includes installation, troubleshooting, and training to schools, teachers, and students
- Maintain inventory of assistive technology, disseminate and collect devices

**Current Data for Assistive Technology Specialist Caseloads:** Number of schools: Schools are grouped according to geography and travel time is built into schedules. The seven ATS team members carry between 24 and 29 sites. The lead ATS serves 15 schools in addition to lead responsibilities.

**Caseloads:** The 7 seven ATS team members serve between 115 and 158 students. The lead ATS supports the team, provides professional development, mentors team members, manages equipment inventory, addresses district accessible educational materials needs for students with disabilities, and serves overflow caseloads that the AT team does not have the capacity to serve. Serving 15 sites impedes their ability to carry out all lead responsibilities.

### Proposed Funding

**Manageable workload per position:** Maximum of 22 sites and 100 students. Current numbers indicate the need for one more ATS position at 12 Months of Employment (MOE). In addition, the lead ATS carries a heavy caseload which impacts her ability to conduct lead duties. Therefore, staff is requesting an additional 6 MOE for a total of 18 MOE.

### Strategic Objectives

Student Knowledge and Skills and Student Dispositions and Well-Being

### Special Education

### Description

Audiologists in WCPSS ensure auditory access to the educational curriculum for a variety of learners including students with Individualized Education Programs (IEPs) and 504s as well as general education students from preschool through school age. In addition, WCPSS operates a 12-month audiology clinic with two sound booths to assess preschool students referred for OEL evaluations as well as WCPSS students with ongoing hearing needs.

#### Critical Audiology Services and Supports Include:

- Training and monitoring nearly 400 Hearing Screening Designees across all schools
- Hearing screenings and evaluations as part of MTSS, special education, and 504 referrals
- Evaluation and management of Central Auditory Processing Disorder
- Monitoring student hearing health management
- Provision of hearing aids, amplification devices and other listening technology
- Annual dissemination and pick-up of over 230 assistive listening devices each school year
- Orientation, training, and consultation with school staff regarding students' auditory needs and care and use of listening technology
- Maintaining inventory, troubleshooting, and equipment maintenance
- Assessing classroom environment to ensure optimal acoustics
- Calibration and dissemination of audiometers districtwide, to be used for hearing screenings

**Growth Data:** The number of students receiving audiology services has increased over the past five years. The following is 2023-24 data:

- **Students on Caseload:** 647 (29 percent increase from 2019, 22 percent increase from 2022-23)
- **Hearing screenings/evaluations:** 1,088+ (44 percent increase over 2022-23) (756 screenings)
- **Students evaluated at WCPSS clinic:** 1,025 (30 percent increased growth since 2018-19)
- **Audiometers (hearing testing equipment) calibrated and disseminated:** 237

#### Caseload guidelines from the North Carolina Department of Public Instruction (NCDPI):

1. According to NCDPI's calculation, Audiology should have 6.5 audiologists based on December 2024 K-12 enrollment of 161,115 .
2. According to NCDPI's calculation, Audiology should have 8.63 audiologists based on December 2024 students on caseload of 647.

### Proposed Funding

A total of 15 full-time positions or 180 Months of Employment (MOE) are needed to meet the needs of the district. Current audiology staffing includes 160 MOE for a difference of 20 MOE. Audiology is requesting one 12-MOE position and one 10-MOE position to meet the needs of the district as indicated by NCDPI guidelines.

### Strategic Objectives

## Physical Therapists

### Area

### Special Education

### Description

Physical Therapists (PTs) in WCPSS provide a variety of critical services to students with Individualized Education Programs (IEPs), 504s, and post surgery/injury needs to support and remediate gross motor and mobility skills for safe access to instruction and the educational environment. PTs manage equipment and staff training IEP.

#### Growth Data:

- **Students with PT:** 956 students, an increase of 9% since 2022
- **Total staff PTs:** 25 full-time positions (24 full-time position; one full-time contractor) and one lead PT (vacant)
- **School Age Evaluations:** 64 (July - November 2024); 154 evaluations are projected for 2024-25
- **OEL Evaluations:** 97 (July - December 2024); 194 evaluations are projected for 2024-25
- **Assigned schools:** Staff PTs are itinerant and average 10 sites per PT

According to the North Carolina Department of Public Instruction (NCDPI) workload calculator, 312 Months of Employment (MOE) are required to support 956 students with PT services and supports. WCPSS PT department currently is allotted 281 MOE leaving a gap of 31 MOE. The PT department currently has one full-time contractor to cover this gap.

### Proposed Funding

The PT department is requesting to transition the contract position to direct hire which will provide continuity of services to students and enhance collaboration and teamwork with staff as well as requesting one additional 12-month staff position and one part-time contractor to work towards covering the current gap and preparing for the addition of four new schools in 2025-26. Additional schools will increase the number of services, evaluations, training of new teachers, regular education initiatives, IEP meetings, and travel between sites.

## Speech-Language Pathologists

Area

Special Education

Description

School-based Speech-Language Pathologists (SLPs) in WCPSS provide a variety of critical services to students, including:

- Providing interventions during Multi-Tiered Systems of Support (MTSS) including facilitation of classroom interventions with progress monitoring and data collection of student performance with direct SLP intervention
- Screening and evaluating students including the data collection process and development of screening/evaluation reports
- Providing direct Individualized Education Programs (IEP) services and logging services for each student service delivery via ECATs for progress monitoring and Medicaid reimbursement
- Consulting and collaborating with teachers and staff through supplemental aids and supports per student IEPs
- Orientation and training for school staff in working with and meeting the needs of communication impaired students including collaboration with assistive technology specialists;
- Developing IEPs and attending IEP meetings as case managers and related service providers;
- Serving on the Mealtime Support Team and safety monitoring of Mealtime Support Plans;
- Serving as case managers for Speech Impaired students and those students in the referral process for Speech Impaired eligibility considerations;
- Providing consultation and parent education to support student needs;
- Facilitating administrator input with the intervention and IEP decision making processes

In the past three years, the district has experienced significant issues with recruitment and retention which is primarily related to COVID and persisting high caseload/unmanageable workloads. Yet, hiring trends look encouraging: 2021-22: 10 new hires and 38 open positions; 2022-23: 25 new hires, 18 open positions; and 2023-24: 18 new hires, 9 open positions.

Per the North Carolina Department of Public Instruction (NCDPI) guidelines, SLP caseloads should not exceed a 1:50 ratio or 1 full-time equivalent. Currently, 9,348 students have IEP services for speech/language. According to NCDPI's workload model, WCPSS needs 186.96 full-time, 10-month positions or 1,869.6 Months of Employment (MOE). Currently, there are 1,581.5 MOE, leaving a gap of 288.1 MOE or 28.81 10-month positions to ensure the 1:50 ratio. At present, 216 students require support from the mealtime support team. There are currently 80 open evaluations and an additional 50 students who have concerns around mealtime needs. Due to safety concerns, evaluations must be addressed in a timely manner.

Proposed Funding

**Recommended Staffing Plan for Speech Language Pathology:**

2025-26: 60 MOE (6 10-MOE SLPs) needed as direct hire SLPs to manage the needs as outlined above while continuing to use contract funds to bring caseloads down closer to NCDPI guidelines and to cover school needs more fully. Over subsequent school years, additional MOE will be needed at 50 MOE per year until all direct hire SLP positions cover the IEP needs of students. The long-range plan is to decrease contract funds until they are used only to cover medical/maternity leaves and periodic open positions within the district.

Strategic Objectives

Student Knowledge and Skills and Student Dispositions and Well-Being

## Special Education Teachers and Instructional Assistants

<b>Area</b>	<b>Special Education</b>
<b>Description</b>	<p>The North Carolina Department of Public Instruction (NCDPI) stipulates that a continuum of educational placements be made available for all students as required by the services detailed on the student's Individualized Education Program (IEP). Special education teachers and instructional assistants in WCPSS serve school-age students through Cross Categorical Resource Services, an Occupational Course of Study, and/or Special Education Regional Classrooms. Students with disabilities are funded at \$5,309.31 per student but only up to 13 percent of the allotted Average Daily Membership (ADM) of the district. The funding formula includes the matching benefits, except for the supplement which is funded through local budget.</p> <p><b>Regional Programs:</b> NCDPI stipulates class size for special education regional program teachers ranging from six to fourteen students based on the severity and intensity of the students' disabilities. Students assigned to a regional program have the most intense needs which may include all or many of the following areas: medical, social-emotional, mental health, self-help, communication (including low or non-verbal), gross/fine motor, swallowing, hearing, and vision. To ensure the provision of a free appropriate education, NCDPI also stipulates the allotment of instructional assistants for each special education regional classroom starting with one instructional assistant and additional instructional assistants assigned for classrooms that exceed the minimum caseload and/or have students with significant unique needs requiring a high level of adult assistance.</p> <p>In the 2023-24 school year, in addition to the currently enrolled students, WCPSS enrolled an additional 163 students and has already enrolled an additional 158 students in the 2024-25 school year in need of and/ to be served in regional programs. To accommodate the natural matriculation of students through grade levels and the increased numbers of students in need of regional programs moving in annually, 36 new regional programs need to be opened for the 2025-26 school year. Students in regional programs are assigned to their base school program, if one exists, or in the closest program with space in an effort to keep students with their peers from the community.</p> <p>In addition to the students newly enrolled to WCPSS requiring a special education regional program as referenced in the paragraph above, 357 students transitioning from pre-k to kindergarten required placement in a regional program for the last two school years, about 180 per year which would require an additional 18 regional classrooms for the 2025-26 school year considering NCDPI classroom ratios.</p> <p>WCPSS currently has 336 regional programs. To accommodate growth and students transitioning from pre-k to kindergarten, WCPSS would need to open 44 new regional programs; however, Special Education Services (SES) is only requesting 10 new classrooms for 2025-26 which would require an additional 10 teachers and 20 instructional assistants to support students with disabilities in regional programs.</p>
<b>Proposed Funding</b>	<p><b>Regional Programs Months of Employment (MOE):</b></p> <ul style="list-style-type: none"><li>• Teachers: 100 MOE (10 MOE x 10 Teachers)</li><li>• Instructional Assistants: positions = 200 MOE (10 MOE x 20 Instructional Assistants)</li></ul>

# Student Membership Changes

## Special Education Teachers and Instructional Assistants

### Description

In addition, due to the severity of need for current and newly enrolled students, at times students require additional adult support and/or special assignment instructional assistants to support safety for the students and/or others. Currently, a total of 390 students with disabilities in both regional program and CCR settings require additional adult support which is an estimated two percent of the total identified special education students. Based on current growth, an addition of 20 special assignment instructional assistants will be required for safety and access issues and, one job coach to provide the specialized programming identified in the students' Individualized Education Programs (IEPs) and supporting students on job sites.

### Proposed Funding

#### Special Assignment:

- Instructional Assistant: 60 MOE (10 MOE \* 6 Instructional Assistants)
- Job Coach: 10 MOE (10 MOE \* 1 Job Coach)

### Strategic Objectives

Student Knowledge and Skills and Student Dispositions and Well-Being

## Increased Licensing Requirements

### Area

### Technology

### Description

In the 2025-26 fiscal year, the district expects a substantial increase in student enrollment and staffing levels due to the opening of four new schools. This growth will require the purchase of additional licenses and memberships for essential platforms, including our learning management system, communication tools, and various other software applications.

Moreover, there will be a need for increased support to accommodate this expansion. These additional resources are critical to maintaining uninterrupted access to the tools required for both academic success and operational efficiency.

We anticipated some increase in licensing needs, but the growth in enrollment and staffing is expected to exceed projections, creating a critical shortfall in available licenses. Compounding this issue is the realignment of funding sources that helped cover these costs.

### Proposed Funding

The requested increase is for the software listed below:

- Cisco DUO
- Apple Inc
- ClassLink – Launchpad Subscription
- Jamf Vending Services
- Google
- Adobe Creative Cloud
- Microsoft EES and Unified Support
- Cisco AnyConnect
- And Others

### Strategic Objective

## Priority High Schools

### Area Academic Advancement

**Description** Priority High Schools, identified as those with a student population where 50 percent or more qualify for direct certification, receive additional funding to support equitable access to resources and opportunities. Funding is designed to address the unique needs of priority high schools with higher concentrations of need.

The funds may be used for enhanced instructional programs, extended learning opportunities, social-emotional support services, and other strategies that improve student outcomes. This approach ensures that Priority High Schools have the necessary resources to improve student outcomes, increase graduation rates, and foster a supportive learning environment for all students.

**Proposed Funding** The following eligible schools are classified as Priority High Schools for the 2025-26 school year: East Wake High School, Southeast Raleigh High School, South Garner High School, Knightdale High School, Score Academy and Phillips High School.

**Strategic Objectives** Student Knowledge and Skills and Operational Effectiveness

### Budget Adjustments

## Literacy Coaches Funding Source Change

**Area** Academics

**Description** The purpose of literacy coaches is to support educators in implementing evidence-based literacy instruction. They collaborate with teachers, administrators, and support staff to enhance literacy outcomes through differentiated instruction, data-driven decision-making, and inclusive practices. By providing professional development, modeling effective strategies, and facilitating interventions, Literacy coaches empower educators to create accessible and engaging learning environments. Their goal is to ensure that all students, regardless of ability, develop the literacy skills necessary for academic success and lifelong learning.

**Proposed Funding** This request moves 27 literacy coach Months of Employment (MOE) from local funding to state funding due to an estimated funding available in the literacy intervention state allotment.

**Strategic Objectives** Student Knowledge and Skills and Operational Effectiveness

**Budget Adjustments**

## Special Education Coordinating Teachers

**Area** Special Education

**Description** The purpose of special education coordinating teachers is to ensure that students with disabilities receive high-quality, individualized education in compliance with federal, state, and local regulations. They collaborate with educators, administrators, and families to develop and implement effective instructional strategies, facilitate Individualized Education Program (IEP) processes, and promote inclusive practices. By fostering a culture of advocacy, professional development, and data-driven decision-making, special education coordinating teachers play a critical role in enhancing student outcomes and ensuring equitable access to education for all learners.

**Proposed Funding** This request moves ten special education coordinating teachers from state funding to federal funding.

**Strategic Objectives** Student Knowledge and Skills and Operational Effectiveness

**Budget Adjustments**

	<b>Total</b>	<b>-</b>	<b>\$ 1,820,550</b>

# Increasing Property Costs

## Real Estate Leases

Area	Facilities
Description	<ul style="list-style-type: none"> <li>The Crossroads FLEX lease is a long-term lease (20 years) that addresses student capacity and facility needs. The lease costs include base rent, which is expected to increase annually by an escalation rate of 2.5 percent, Wake County property taxes, insurance, and Common Area Maintenance (CAM) charges/operating costs, collectively referred to as "TICAM" charges.</li> <li>The Wake Young Women's Leadership Academy (WYWLA) lease is a long-term lease (20 years) that addresses student capacity and facility needs. The lease rate increases annually by an escalation rate of 2.5 percent.</li> <li>The North Wake College and Career Academy (NWCCA) lease addresses student capacity and facility needs and expires June 2041. The lease payment includes a set annual rental rate (\$524,740) for the second five-year term and payment of Wake County real property taxes. The estimated tax payment is \$101,481 per year.</li> <li>The Purchasing Operations Warehouse lease is a long-term (15 years) lease that addresses facility needs and administrative functions. The lease rate increases annually by an escalation rate of 3 percent.</li> <li>The Moore Square Magnet MS parking lease (Power Parking, LLC) addresses staff and magnet program parking needs at Moore Square Magnet MS. The lease is an annual recurring lease that is expected to renew. The lease expires June 2025. The lease rate is currently \$59.74/space/month (29 spaces=\$20,789.52/year). Due to demand for downtown Raleigh parking in this area, we are anticipating an estimated increase to \$62/space/month (29 space=\$21,576/year) which will result in an estimated annual increase of \$786 from the current costs. The \$5,208 balance of the annual parking costs not to exceed \$26,784, is to address parking needs as they arise at the school (acquire additional needed parking from Power Parking, LLC, and/or pursue other parking lease opportunities near the school as they become available).</li> <li>The SCORE Re-engagement (Garner) lease addresses student capacity and facility needs and is a three-year lease that expires June 30, 2028. The lease rate increases annually by an escalation rate of 4 percent.</li> <li>The SCORE Re-engagement (North Raleigh) lease addresses student capacity and facility needs and is a five-year, nine-month lease which commenced July 1, 2023, and expires March 31, 2029. The annual escalation rate is 3 percent.</li> <li>The Forest Hills Baptist Church Use Agreement addresses staff parking needs at Fred A. Olds Elementary School. The agreement is an annual recurring agreement that expires June 2025 and is expected to be renewed. The rate is currently \$7,500 per year.</li> <li>Young Men's Christian Association (YMCA) of the Triangle Area lease is a long-term lease (20 years) that addresses student capacity and facility needs.</li> </ul>

## Real Estate Leases: Crossroads I, II, and III

Area	Facilities
<b>Description</b>	The Crossroads I and II lease addresses administrative functions and secures a combined 173,741 rentable square feet of space in two buildings. Crossroads III addresses administrative functions and secures an additional 75,864 rentable square feet of space. The Crossroads lease costs include base rent and Common Area Maintenance (CAM) charges/operating costs.
<b>Funding Formula</b>	The initial lease term was 182 months and had 72 months remaining as of July 1, 2020; however, with the addition of the Crossroads III expansion space, terms were adjusted to allow the three buildings to be coterminous. The extended lease term will now expire 180 months after the expansion Rent Commencement date; 108 months remain as of July 1, 2025. The lease monthly base rent increases 2.5 percent annually per the contract, and the CAM charges/operating costs may increase annually, although controllable operating costs cannot increase more than 4 percent annually.
<b>Proposed Funding</b>	<p>For Crossroads I and II, the 2025-26 annual increase is 2.5 percent, rent is \$4,050,610, an estimated increase of \$98,795.</p> <p>For Crossroads III, the 2025-26 annual rent is \$2,058,707, an estimated increase of \$45,302.</p> <p>\$113,736 of the 2025-26 increase will be absorbed by realignment of existing Real Estate budget.</p> <p>Building program bond funds will cover the cost of the Crossroads III square footage that is occupied by Facilities Design and Construction and Real Estate Services.</p> <p>The bond cash flow set aside by the county pays for \$8,870 of the increase.</p>
<b>Strategic Objective</b>	Operational Effectiveness

# Removal of Prior Year One-Time Costs

## One-Time Costs in 2024-25

### Area

### Systemwide

### Description

WCPSS tracks one-time costs to remove the budget for the following school year. Some one-time costs occur every year and some costs are unique to the school year. One-time costs may occur as an appropriation of fund balance, identification of net local savings, or adjustments from other one-time revenue sources. This request removes one-time costs in 2024-25.

### Systemwide

- **Carryforward purchase orders:** At the end of each fiscal year, the finance officer may approve specific purchase order requests to carry forward from one year to the next. This is typically for projects that begin in one fiscal year with completion in the following fiscal year or will cross over several fiscal years. The outstanding encumbrances as of June 30 are reported as restricted fund balance since the system will fulfill the commitments through the subsequent year's budget appropriation. This is the removal of carryforward purchase orders from 2023-24 to 2024-25.
- **Special projects:** The Wake County Board of Education approves an appropriation of funds for items reserved in funds balance for special projects on a one-time basis. All one-time costs in 2024-25 are listed on the next page.

### Schools

- **Positions paid by individual school accounts:** During 2024-25, several schools created positions using individual school accounts. These Months of Employment (MOE) are established for one year at a time. Schools may request months for 2025-26, but this typically will not occur until the fiscal year begins pending available funding at each school and the needs for the school year.
- **Positions paid by before and after school care carryover funds:** Schools have the option of paying for positions using before and after school care carryover funds as a one-time expenditure. Position costs paid by carryover funds in 2024-25 are being removed.
- **Tuition programs:** This adjustment reflects a reduction in carryover funds in tuition programs due to a decrease in revenue.

### Strategic Objective

# Removal of Prior Year One-Time Costs

## Early Hires and Professional Learning

**Area** Systemwide

**Description** New schools receive funding for early hires and task assignment in the year prior to the school opening. Task assignment funds carryover until September 30 of the first year the school is open. The state funds four months of principal for each new school.

Schools receive staff development funds in the year the school opens. Staff Development funds carryover until June 30 of the second year the school is open.

**Proposed Funding** This adjustment removes funding for the four new schools opening in 2025-26 and funds for Woods Creek Elementary that opened in 2024-25.

**Strategic Objectives** Student Knowledge and Skills and Operational Effectiveness

**Budget Adjustments**

## ESEA Title II, Part A - Supporting Effective Instruction

### Area Academic Advancement

#### Description

Title II, Part A of the Every Student Succeeds Act (ESSA) provides funding to help increase the academic achievement of all students by supporting educators and elevating the teaching profession. It may be used to prepare, train, and recruit high-quality teachers and principals to increase student academic achievement. Funds are intended to be used to drive innovation and build on evidence to better support educators.

Domains for supporting educators include:

- Multiple pathways to teaching and leading;
- Induction and mentorship;
- Meaningful evaluation and support;
- Strong teacher leadership; and
- Transformative school leadership.

In addition, funds may be used for:

- Promoting a diverse educator workforce across the career continuum;
- Leveraging teacher expertise and leadership; and
- Providing equitable access to effective educators.

Changes in revenue are based on a decrease in carryover funds.

### Strategic Objective Student Knowledge and Skills

## Burroughs Wellcome Fund - Student Science Enrichment Program Grants

**Area**                      **Academics**

**Description**                      The Burroughs Wellcome Fund (BWF) grant was originally awarded in 2019 to expand interest in STEM (Science, Technology, Engineering, and Math) programs and career academies (Apex Friendship High School, Southeast Raleigh High School, Athens Drive High School).

The grant was delayed due to COVID and the program had cost savings that have allowed an additional year of offering the program. The funder agreed to a year extension to allow carryover but no new funding for 2025-26.

## Career Technical Education (CTE) - Program Improvement

Area

Academics

Description

The purpose of the Strengthening CTE for the 21st Century Act (Perkins V) is to develop more fully the academic knowledge and technical and employability skills of secondary education students and postsecondary education students who elect to enroll in CTE programs and programs of study. The emphasis should be on the development, coordination, implementation, or improvement of CTE programs. Funds can be used for CTE students in grades 5-12 and postsecondary students.

Allocations will be made based on a formula, which includes the following factors.

- 70 percent shall be allotted based upon the proportion of children in poverty ages 5-17 from the preceding fiscal year.
- 30 percent shall be allotted based upon the proportion of children ages 5-17 from the preceding fiscal year.

Level funding is projected for 2025-26. Grant year 2024 funds are being removed.

## ESEA Title I - Part A

### Area

### Academics

### Description

A Title I school-wide project uses these federal funds in a variety of ways to support academic achievement in the entire school consistent with its approved Comprehensive Needs Assessments, School Improvement Plan, Intervention Matrix, and Transition Plan. Attention must be paid to providing intervention services to students below grade level in order to accelerate their academic progress toward grade level standards. Schools are allotted Elementary and Secondary Education Act (ESEA) Title I funds based on their number of students who qualify for direct certification. Principals and their school teams determine how funds will be used in support of the identified needs/priorities of their schools. They may use these funds for additional personnel or resources. ESEA Title I funds must supplement, not supplant, personnel and resources provided to all schools.

## ARPA Community Grant Program

### Area Student Services

#### Description

The Student Engagement Team (SET) improves capacity for positive youth development in the county by developing, publicizing, delivering, and evaluating youth development programs and by participating on interdisciplinary teams to develop and support partnerships and programs. The American Rescue Plan Act (ARPA) community grant targets three middle schools and one elementary school for a comprehensive family engagement support model to address any barriers to community resources.

This grant is funded through December 31, 2026.

## Child Nutrition Services (CNS)

**Area** Child Nutrition

**Description** The 2025-26 CNS budget is based on projected revenues that account for estimated changes in participation and federal/state reimbursements, historical expenditures with 2024-25 salaries and 2025-26 projected benefit costs, and a legislated maximum indirect cost rate of 8 percent for school nutrition. The budget does not take into account any potential salary increases.

There are two requests in the New Schools and School Changes category using CNS funds. One request is for CNS positions for four new schools opening and the other request is for an allotment adjustment based on the proposed school calendar changes. The total projected increase of CNS revenues is \$642,228.

**Strategic Objective** Operational Effectiveness

## School Technology Fund

Area	Technology																		
Description	The North Carolina Department of Public Instruction allots funding to school districts for the development and implementation of a local school technology plan.																		
Funding Formula	Funds for school technology are distributed based on allotted average daily membership in grades K-12. Monthly allotment adjustments are made to each Public School Unit (PSU) based on interest received on their account from the Department of State Treasurer. Any legislated one-time annual adjustment for fines and penalties will be made to each PSU with an approved technology plan.
