## Course Descriptions

**Intermediate Band** (year-long course) - This class is a continuation of the skills taught in Beginning Band with further development of tone production, breath support, and music reading. Students are introduced to performance skills and techniques. They are encouraged to perform as individuals and as members of an ensemble. Students should anticipate some after-school practices and evening performances

**Intermediate Strings** (year-long course) - The curriculum for Intermediate Strings is a continuation of Beginning Strings, or for students who enter middle school with previous experience. Solo and orchestral literature from a variety of time periods and cultures is studied in this class. Emphasis is on varied bowing, ear training, identifying, and playing various styles, and the deeper understanding of musical terms. Students prepare a number of concert selections that are performed for an audience. Students should anticipate some after-school practices and evening performances.

**Pottery/Sculpture** - Students will create their own work with a wide variety of media such as paper, wood, clay, plaster, paper mâché, or fabric. Students explore various cultures, art history and learn to think and write critically about master work as well as their own.

**Introduction to Dance** - This course introduces creative movement, improvisation, and choreography through basic modern dance techniques.

**Dance I** - This course continues developing skills and creativity through modern dance. Students may participate in formal and informal performance activities

**Keyboarding and Basic Word Processing** - This middle school course is designed to provide hands-on instruction in basic keyboarding and word processing skills. English language arts is reinforced.

**Introduction to Office Productivity** *Prerequisite: Keyboarding and Basic Word Processing* - Students learn a foundational understanding of computer operations. Students learn to harness technology as a tool to create, problem solve, and collaborate with others. The curriculum covers topics and skills including computing basics, responsible usage, spreadsheet basics, presentation basics, and multimedia design.

**Exploring Engineering and Design** - Students will gain an understanding of design and engineering. Students apply the design process in the inventions or innovation of new products, processes, or systems.

**Exploring Childcare** - This course introduces students to children's developmental ages and stages from birth to 7 years and related career opportunities. Through hands-on activities, students will practice basic care of infants, toddlers, and preschoolers and discuss proper nutrition. Students will understand how to prevent accidents and how to use positive guidance while working with children. Students will learn the importance of well-prepared and trained babysitters and how to prepare for the diverse responsibilities of being a babysitter

**Spanish Beginning Less Than 1 Year** - This course is the first in a multi-course sequence for high school Level I credit. In this course, students will learn the foundations of the language's vocabulary and structures in order to communicate in simple, memorized, sentences related to basic necessary skills in the target language. Classes are conducted primarily in the target language with a strong focus on comprehensible input at a level appropriate for novice learners. Activities focus on students' abilities to perform in the interpersonal, interpretive, and presentational modes of communication. Students who successfully complete this course will demonstrate Novice Low proficiency and should enroll in the Intermediate course to continue the HS Level I credit curriculum.

**Spanish Beginning 1 Year** - This course is the continuation of a multi-course sequence for high school Level I credit. In this course, students will continue to learn the foundations of the language's vocabulary and structures in order to communicate in simple, memorized, sentences related to basic necessary skills in the target language. Classes are conducted primarily in the target language with a strong focus on comprehensible input at a level appropriate for novice learners. Activities focus on students' abilities to perform in the interpersonal, interpretive, and presentational modes of communication. Students who successfully complete this course will demonstrate Novice Low - Novice Mid proficiency level and should enroll in the Advanced course to complete the HS Level I credit curriculum.

**Drawing/Painting** - Students are taught drawing techniques using various media. They work with line, value, and basic perspective. In addition, students will learn to think and write critically about master work as well as their own. This course introduces basic painting skills and concepts and presents the painting process as a problem-solving exercise designed to promote fluency, flexibility, and elaboration. In addition, students will learn to think and write critically about master work as well as their own.

**Exploring Business and Entrepreneurship** *Prerequisite: Introduction to Office Productivity* - In this course, students will understand the principles of business and concepts of entrepreneurship and the entrepreneurial process. English language arts and mathematics are reinforced.

**Exploring Personal Finance and Hospitality** - Students are introduced to the basics of personal finance through financial responsibility and decision-making. Students learn money and time management and are eligible to receive EVERFI's Vault certification. The hospitality curriculum covers the basics of foodservice and hospitality, exploring food safety and sanitation, as well as culinary arts. Through this course students are eligible to receive the NC eFood Handlers certification.
