Principal's Message

Dear Parents,

By now you have completed the Technology Survey regarding devices and registered for Virtual Academy if that is what you have chosen. Breathe! If you did not complete the Technology Survey, we will be contacting you directly as we need this information from **every** family. There may still be time to complete in the next few hours if you have not done so.

Please know that by the end of next week, you will receive information regarding the first two weeks of Orientation which will include information regarding a “pick-up” of instructional materials at Lacy (like a drive through). You will also receive information on when your child will need to attend “live” instruction. This information pertains to ALL Lacy students.

We will share with you the schedule of instruction once it is created with the grade level teams. We will be following the Lacy schedule from 8:30-3:00 so you can expect nothing to happen “live” before 8:30 a.m. or after 3:00 p.m.

Even though we are not in the building together, know that we are going to do everything possible to have every student feel a part of our Lacy family no matter whether the student is registered for Virtual Academy or not. We look forward to creating ways to build relationships as it is critical that they know they belong to Lacy and we are here to make sure every child continues to thrive socially, emotionally, and academically.

We can do this together! Also, thank you for giving me the grace to “unplug” for a few days last week while I spent time in the mountains with my family.

Sherri Miller

Principal
