

Dear Parents,

We will begin our next unit of study in math soon. The information below will serve as an overview of the unit as you work to support your child at home. If you have any questions, please feel free to contact me. I appreciate your on-going support.

Sincerely,

Your Child's Teacher

Unit Name:
Fluency & Accuracy for Addition & Subtraction
Common Core State Standards: 1.OA.6 Add and subtract within 20, demonstrating fluency for addition and subtraction within 10. Use strategies such as counting on; making ten (e.g., $8 + 6 = 8 + 2 + 4 = 10 + 4 = 14$); decomposing a number leading to a ten (e.g., $13 - 4 = 13 - 3 - 1 = 10 - 1 = 9$); using the relationship between addition and subtraction (e.g., knowing that $8 + 4 = 12$, one knows $12 - 8 = 4$); and creating equivalent but easier or known sums (e.g., adding $6 + 7$ by creating the known equivalent $6 + 6 + 1 = 12 + 1 = 13$).
Essential Vocabulary: <ul style="list-style-type: none">• Addition• Back Down Through Ten• Counting On• Equal• Equivalent• Fluency• Internalized Fact• Making Ten• Relationship (numeric)• Strategy• Subtraction• Sum• Ten
Unit Overview: <p>In First Grade, students learn about and use various strategies to solve addition and subtraction problems. When students repeatedly use strategies that make sense to them, they internalize facts and develop fluency for addition and subtraction within 10. When students are able to demonstrate fluency within 10, they are accurate, efficient, and flexible. First Graders then apply similar strategies for solving problems within 20, building the foundation for fluency to 20 in Second Grade.</p>
Strategies/Skills: <p>First grade students will be able to add and subtract using developmentally appropriate strategies :</p> <ul style="list-style-type: none">• Fluently add and subtract within 10.<ul style="list-style-type: none">○ Counting On○ Internalized Fact• Add and subtract within 20.<ul style="list-style-type: none">○ Making Ten and Decomposing a Number○ Creating an Easier Problem with Known Sums○ Back Down through Ten○ Relationship Between Addition & Subtraction
